We hear you

Any gripes, kudos, or ideas? Call 378-9136 to sound off.

I'm a little confused with the tree situation. First there's a story about, don't worry it's a fungus infection then we hear trees are dying for lack of water. How do we tell which is which?

Confused

Editor's note: Today's paper has a story about the dying trees but, if you have a question about what ails your particular street tree, call the Public Works Department at 378-8141 weekdays and they'll send someone out.

I agree with banning pornography in our city and think the (city) attorney's advice was wrong.

Old Timer

I thought it was interesting that one planning commissioner didn't want to include adult book stores in the list of business that will need permits. If he thinks that way, why not exclude nudie movies from the list too?

Upset

Editor's note: Commissioner Don Hebard was NOT voting in favor of adult book stores by opposing that suggested new ordinance. He was opposed to including book stores in general, he says, along with such uses as bowling alleys and theaters. By the way, that ordinance comes before the City Council this week so it isn't law yet.

If that man who wants to build the 12-story apartment for seniors thinks we're "affluent" he'd better check his figures again. I have trouble getting by with the little in Social Security I have to live on. Affluent? I can't even stretch my food money for a month!

A Senior Citizen

Editor's note: You weren't the only one who disagreed with Robert Sargent's assessment of Campbell seniors. A spokesman for Economic and Social Opportunities said she's determined the percentage of "needy seniors" is closer to 25 or 30 per cent; not 20 per cent as Sargent cited. Roberta Gardella, director of the senior outreach program for ESO says 25 per cent of those over 60 living in Campbell are considered low income. And that's a minimum, she adds.

I never hear of a Campbell girl in the Miss Santa Clara County pageant at the fairgrounds. Don't we have any entered?

Girl Watcher

Editor's note: For the past two years at least, there haven't been any Campbell girls entered in the pageant. A fair spokesman says he feels that's strange too since the contest is open

(Continued on page 4)

Marks is retired

Friends and collegues held a retirement luncheon for Battalion Chief Gerald Marks of the Campbell Fire Department last week.

Marks went on disability retirement July 1 suffering from a reoccurring back ailment.

The chief was first injured during a structure fire on Dell ave. in 1975 and was off work for many months. Shortly after he returned to his duties last year the condition flared up again finally forcing his retirement.

Three applicants have passed the written test for Battalion Chief, Fire Chief Gene Borden said last week. Oral interviews and selection of Mark's replacement is expected sometime this month.

The new chief will be in charge of operations.

Youth commission

Taking on 'student discrimination'

THE CLERK in a local drug store was angry. For the second time in a week the Campbell Youth Commission enmasse was visiting the store to ask about that small, hand-lettered sign in the window. And this time they had a newspaper photographer in tow.

"I don't want any hassles with the newspaper," the woman retorted. "But who's going to come in here and keep the kids from stealing?"

The problem of shop lifting, by both youth and adults, is a serious problem for the retailer and some stores try to hold the line by limiting the number of school-age youngsters allowed in at a time. In the local store's case, two was the limit.

The problem with this approach is that State Attorney General Evelle J. Younger has ruled it's a violation of the Unruh Civil Rights Act. It's alright to limit the number of shoppers in a store, if the small shop can't handle too great a load, for instance.

BUT IT'S not alright to prohibit one group, in this case students, and not others.

Also ruled illegal by Younger was the common practice of levying a minimum charge on purchases by students. Again, a minimum across the board is allowed. Retailers just can't single out young people for the prohibition.

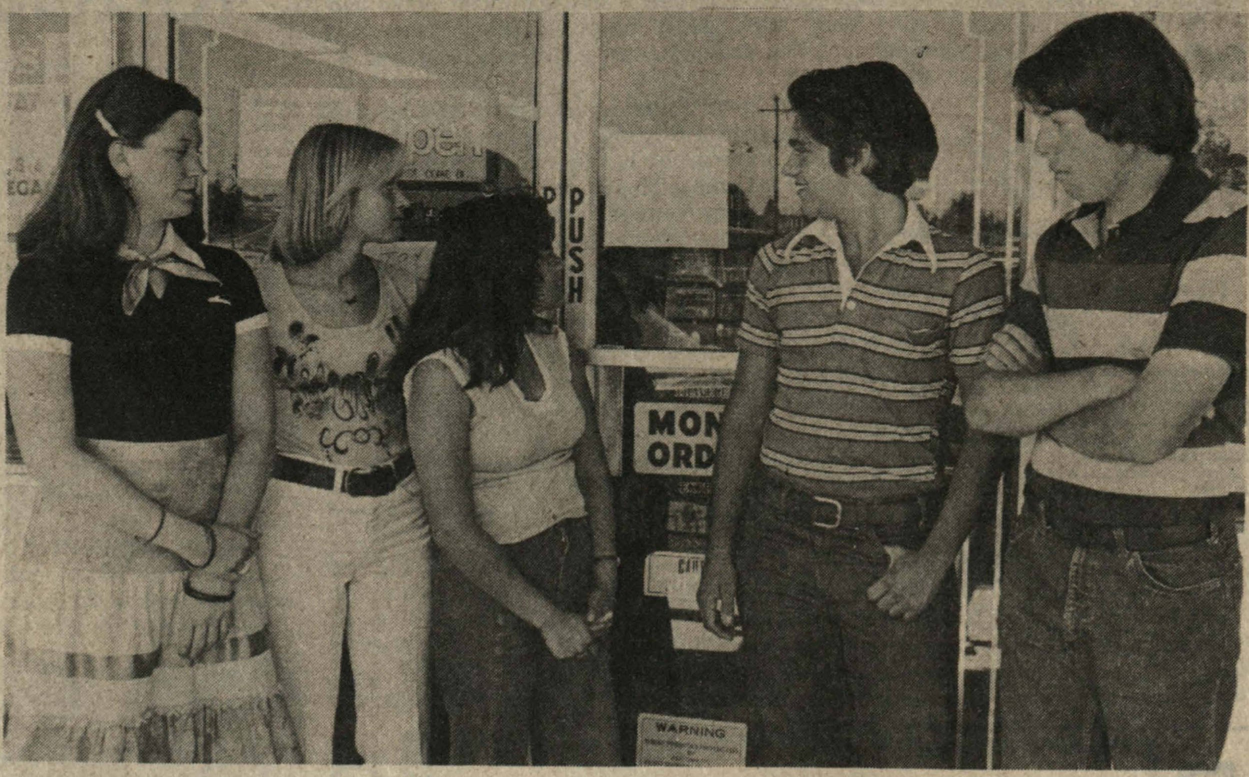
The Campbell Youth Advisory Commission took up the question of limiting students in stores at their last session and decided to visit the store in question. The first visit was unsuccessful, Chairman Ken Podgorsek related.

LIMITING the number of students allowed to shop at a time is unfair, Podgorsek charged last week. And further it is illegal. He obtained a copy of the Attorney General's opinion to back him up.

In recent months Ken says he and other commissioners have heard of other stores with such policies and signs but hasn't spotted any himself.

"If anyone knows of a store limiting the number of students," Ken added, "ask them to call the Commission in care of Barbara Harison at 378-8141 weekdays or me at 293-3183 evenings."

The Commision will probably have a copy of that legal opinion for the store owner.



EYING THE sign at Campbell Drugs last week limiting the number of students shoppers allowed in the store at a time were members of the Campbell Youth Commission. From left, Stacie McMahon, Lori Wernicke, Cindy Gonzales, Jim Berryessa and Ken Podgorsek. The sign was removed shortly after this picture was taken.

Motel plans spark criticism

By PAT SAFFORD

PLANS FOR A 100-unit motel off Campbell ave. near the freeway overpass hit a snag last week in public hearing before the City Council.

Residents of a nearby neighborhood turned out in force to speak against the proposal. Their main objection centers around increased traffic on Campbell ave. that development would generate.

Councilmen voted to continue the hearing for one month and also directed Public Works Director Joe Elliott to report back at the August 8 meeting on how the bad traffic situation along Campbell ave. could be improved.

Fred Sahadi, who brought The Pruneyard to Campbell, wants to build the two-story motel patterned after the building design of that shopping center, on a vacant 5.35 acre parcel just west of the Highway 17 overpass.

THE CAMPBELL INN, as Sahadi and Architect Marvin Bamburg have tagged it, would include a tennis court, swimming pool and extensive landscaping. No meeting rooms or cocktail lounge would be included in the development, Bamburg explained last week.

Before the hearing last Monday the developers knew they were in for sharp criticism when a petition bearing the signatures of 81 residents of the Poplar-Maple st. area was filed at City Hall. That petition stated objections to the development on the basis of increased traffic, a possible impact on their property values (The Pruneyard significantly raised their assessments, one resident declared) and a general disagreement with further development.

"Most important of all," the signers concluded, "we would like to see Campbell remain small and uncommercialized."

Eight of those residents stepped to the microphone at the hearing to elaborate on their feelings.

"THAT PART OF Campbell avenue is a race track," declared Jeannine Knight, 662 E. Hawthorne.

Mark McClure, 607 E. Maple ave., said he felt the already bad parking situation in the neighborhood would be worsened by the motel.

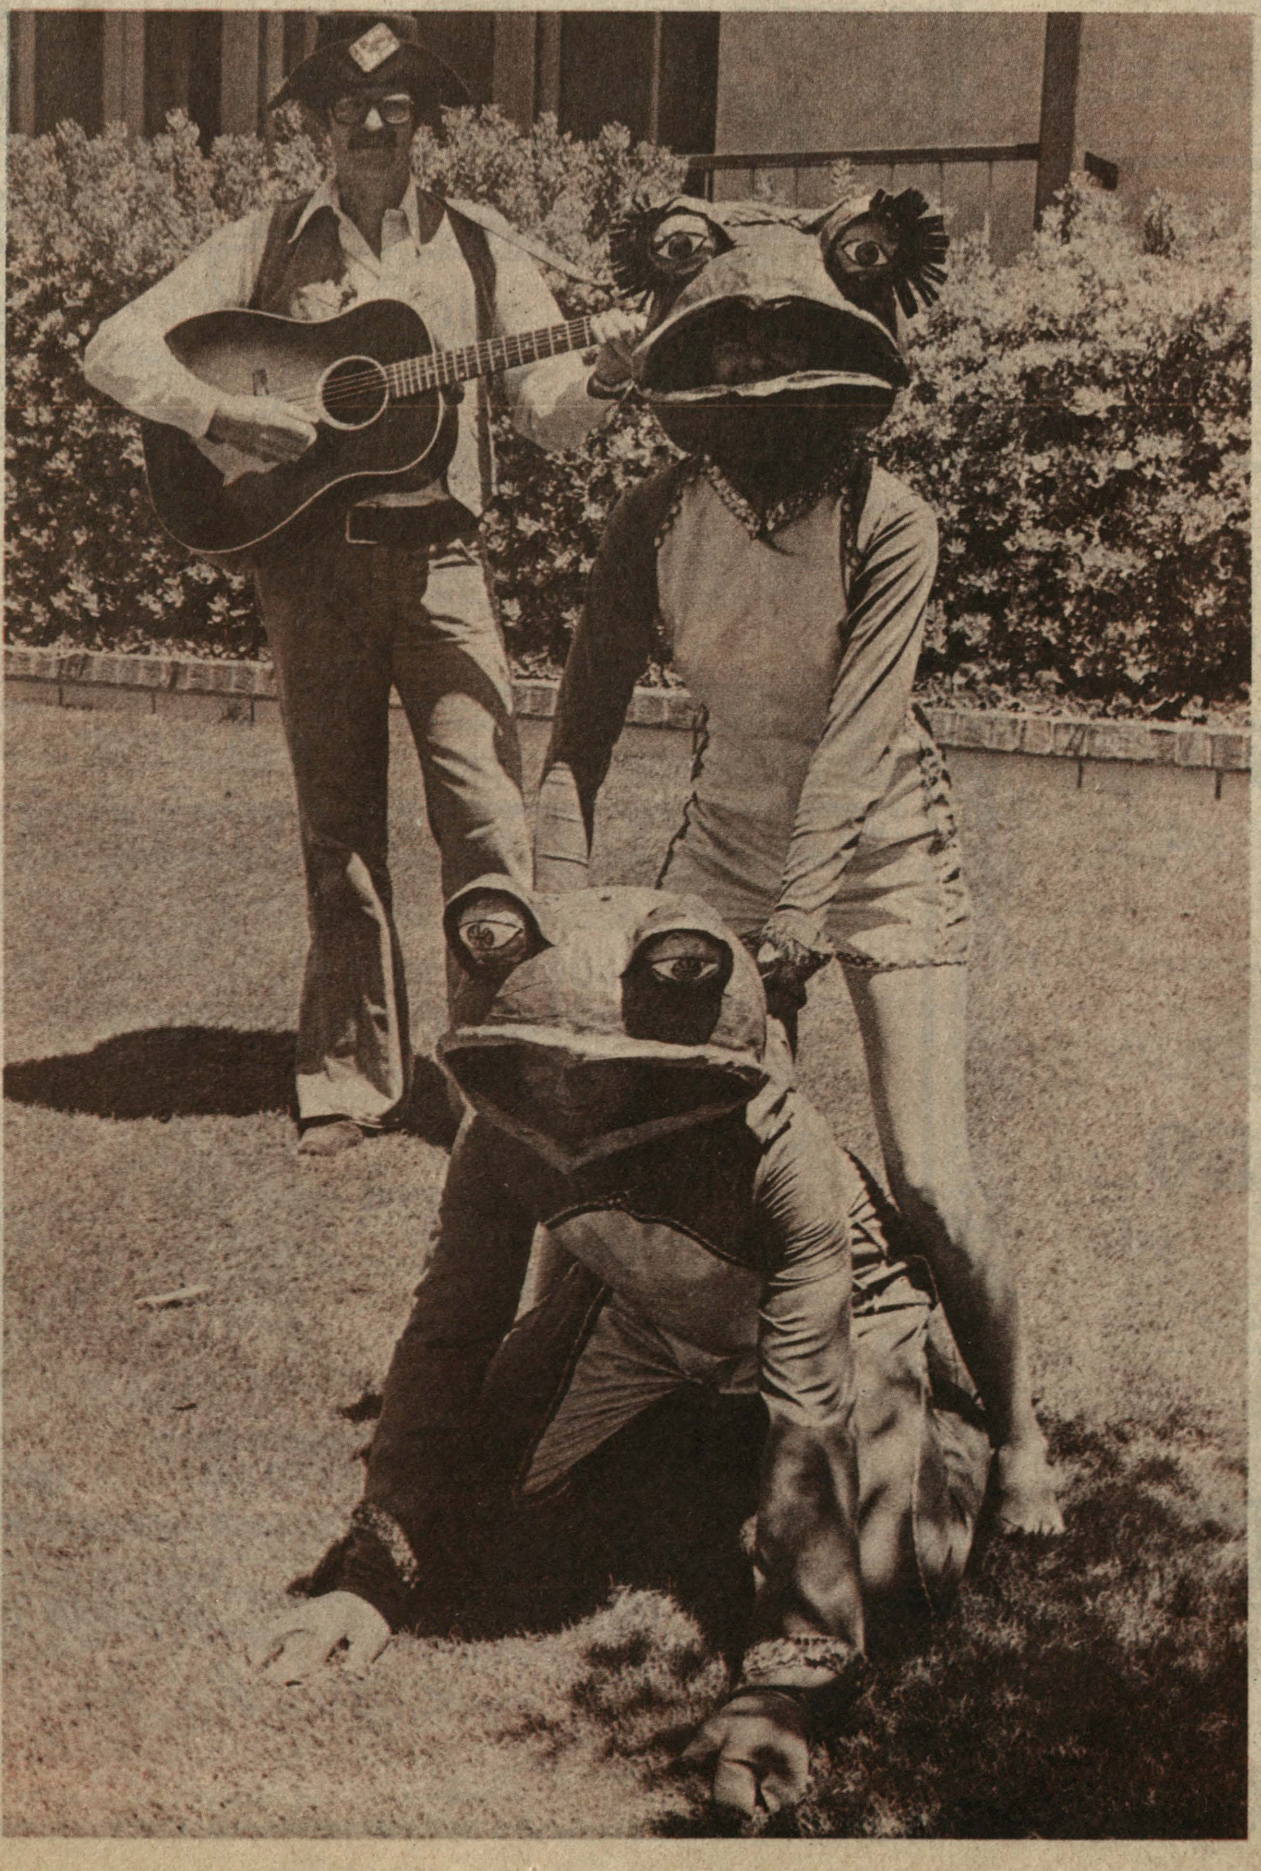
Construction of the Towers buildings increased property taxes for residents of that nearby neighborhood, Edith Morley, 649 E. El Patio dr., argued. The new development would increase them further, she added.

"Are you going to make our life better or worse (with the development)?" Diana Riebel, 607 E. Maple asked councilmen.

With construction of the south loop street and partial widening of Campbell ave. the traffic hazards for motorists trying to get into and out of the Maple-Poplar area have increased, several residents charged.

The city earlier installed barriers prohibiting left turns

(Continued on page 2)



Headin' down to the hoedown

Giving a preview of their jumping prowess are Freddy and Freida Frog (Bruce Powell and K.C. Cote) while Bob Rowe provides some blue grass jumping music. The Summer Hoedown, sponsored by Campbell Community Services, gets underway at 3 p.m. this Saturday, August 6, at John D. Morgan Park. Included in the afternoon festival will be hayrides, square dancing, plenty of blue grass music and a frog jump. Registration for the frog jump, 50 cents for adults and 25 cents for children, will be taken before the 3 p.m. kick-off time. Families are invited to bring a picnic supper or plan to barbeque and stay until dusk.,

City will go ahead on park funding project

Handball, volleyball and horseshoe facilities may be available to visitors to John D. Morgan Park next year if state funding sought for Phase III gets an okay from the state.

Last week the City Council authorized submitting application for funding during the 1978-79 fiscal year to the state. Total project cost would be $88,500 with $53,417 coming from the 1976 State Bond Act, $21,000 from the state Roberti-Z'berg Act and $14,000 from the city's 1975 federal housing and community development funds.

Included in park improvements would be a $35,500 play structure for the south part of the park, $10,000 for additional benches and tables and $35,000 for the adult recreation facilities.

Earlier, the city Parks and Recreation Commission had included a lighted softball field as one of their top priority items for future park improvement.

"It was the feeling of the Commission that the need for a softball facility should be given further study prior to development," Public Works Director Joe Elliott reported last week.

Deadline for applications to the state for the 1978-79 year is this September 15.

'Circus, Circus' opens this Friday

You can see new circus acts for the first time ever at, "Circus, Circus," a musical presented by the new Creative Community Theatre.

Opening night is Friday, August 5 at the Cambrian Community Center, 2275 S. Bascom ave. Repeat performances will be given on August 6, 7, 11, 12 and 13.

Curtain time is 8 p.m. for all performances.

The original musical production, written and directed by James Callner, is made up of various circus acts, many which have never been seen before.

Tickets can be reserved by calling 377-0720. Suggested donations are $1 at the door.

Motel plans hit

(cont. from pg. 1)

on part of Campbell ave. to help lessen the conflicting traffic movement. Now it's up to Elliott to come up with some other ideas and he said last Monday that these steps may be costly.

ELLIOTT TOLD councilmen his department didn't feel the additional 600 cars a day that motel would generate (six trips daily times 100-units) was very significant. The street now carried between 16,000 and 18,000 cars daily.

Speaking in favor of the development that night was Campbell Chamber of Commerce executive Ted Rogers who said that organization has been in favor of bringing another motel to Campbell for a long time.

Councilman Rusty Hammer had a different concern; the lack of an Environmental Impact Report (E.I.R.).

In preliminary work done by the city Planning Department a negative E.I.R. was filed which means staff felt the development would not create any special problems that needed further study.

HAMMER ASKED Planning Director Art Kee to see the checklist used by staff in making that determination and for a copy of the negative E.I.R. that night.

"If I had been filling this out it would have been done a little differently," Hammer concluded, stating he felt the areas of recreation, safety, traffic and aesthetics need more study.

If approved, the development will include paving and installing pedestrian guard rails along a 4½ foot wide path between the motel and the shopping center parking lot.

Before coming back with a report on ways to improve traffic conditions along that stretch of Campbell ave., Elliott will be meeting with Bamburg and with residents who petitioned the Council.

'No sweat' P.E.

Arson squad studies leads in school fire

The recent $300,000 fire at Camden High School destroyed irreplaceable track records dating back to 1956 and will cause problems for the P.E. and competitive sports programs this fall, said Jim Gillespie, assistant superintendent business for the Campbell Union High School District.

The district's insurance policy carries $25,000 deductible, which will now be the only cost to the district. Negotiations are now underway to determine the fair market value of the destroyed equipment, so that initial damage estimate could change.

Arson investigators have not identified anyone yet but feel certain the fire was the result of arson. They are following up several leads.

According to Gillespie, there were between 30 and 40 people on the adjacent playing fields at the time the fire was set so it is possible the arsonists were inadvertently seen.

The fire claimed all of the girls' athletic uniforms and equipment and some common equipment used by both boys and girls in the summer P.E. classes.

A "no sweat" program will be developed by the girls' P.E. staff for the fall semester according to Gillespie.

He added that the school would do everything it could to replace the uniforms by the beginning of the semester but the facilities could not be ready until December at the earliest.

The school is asking the West Valley Athletic league to reschedule Camden's home games to other campuses because of the lack of showers.

The girls' sport programs affected will be volleyball, swimming, cross country, hockey, tennis, and possibly basketball which starts December 7.

"We had just finished completely repainting inside the girls locker room, including lockers (inside and out)," said Gillespie. "They were painted a beautiful baby blue, a color the girls had voiced a preference for."

Gillespie said he was in his backyard on July 16 when he heard several sirens and remarked, "That's a big one!" Only minutes later, he recieved the first call informing him it was one of his schools.

"By the time I got there the hoses had already been laid and the fire department had it well under control," he added.

MOPPING up and shoveling activity was underway at Camden High School last week prior to demolition crews tearing down the girl's P.E. wing. The $300,000 fire will effect this year's program with no showers available to girl athletes until December.

Witch's case is weak says investigator

Home Kare Inc., came up with a lot of documentation to back up the firing of Daria Trozzolillo, related Phillip Austin, management analyst for the county Human Relations Commission last week. Only part of it had to do with the 21 year-old local woman's practice of witchcraft.

Earlier, Daria filed a complaint with the Commission charging she was terminated because of her beliefs; a violation of her right to religious freedom.

Just one charge, that she was telling fortunes with tarot cards during working hours, related to witchcraft, Austin said. And that complaint, the owner told Austin, related to improper use of company time.

Austin said he's not closing the matter but right now Daria's case, "doesn't seem too good."

And for now Austin can't contact Daria to get any rebuttal information.

She's back east in basic training for the U.S. Coast Gurad and can't be contacted for another two weeks.

City eyes parking district

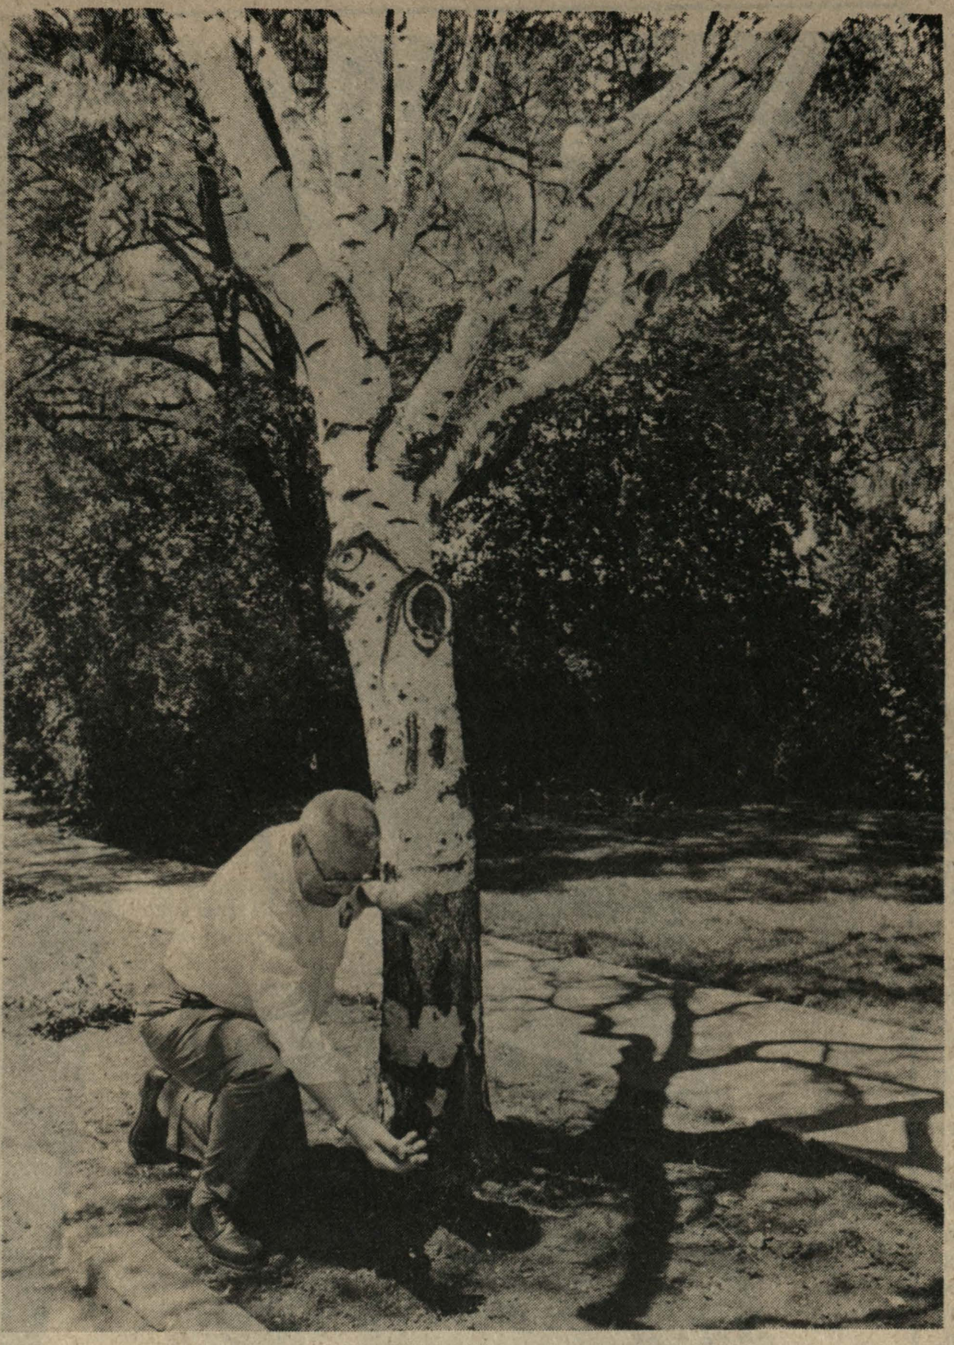
The off-street parking district, proposed by owners of The Factory and The Bodega, will be under discussion at a study session called by the mayor's office for Tuesday, August 9 at 7:30 p.m. in the employee's lounge of City Hall.

Purpose of that meeting is to review the status of that proposal with Phil Assaf, city bond counsel, and with those property owners. A key question will be the city's possibly legal liability and costs if the 500-plus parking space district doesn't go through.

And that question is a natural one in view of the city's experience with the original downtown parking district. That proposal, which involved most of the core businesses, has since gone by the wayside leaving the city with about $100,000 in engineering and appraisal fees and other costs.

The revised proposal includes a two-decker parking lot behind The Factory and development of the Southern Pacific property for parking between Campbell ave. and Orchard City drive.

No official action can be taken by the Council at Monday's session.



SOME PEOPLE have taken the call for water savings too literally. Many local trees are dying from a lack of water during the two dry years. Frank Kukuk, a member of the Campbell Parks and Recreation Commission as well as a Campbell Water Company executive shows the problem with one of several trees on Alice avenue that won't make it through this summer. The remedy, accord to the Water Company, the City and the Mayor, is for people to start watering their street trees . . . before it's too late.

(Photography by Ray Downey-Laskowitz)

Drought's toll

Two years too much for city street trees

By PAT SAFFORD

THERE'S NO reason for water conscious residents to let their lawns, shrubs and trees die, said a Campbell Water Company spokesman last week.

"We asked people not to waste water," declared Frank Kukuk last week. "There is a drought but there is not a shortage of water that requires rationing."

Campbell and West San Jose residents, along with the rest of the county, have done more than cut back usage 25 per cent as requested by the cities. Latest figures show a 30 per cent decrease.

But one of the results of this new concern over wasting water is the brown lawns that grace many front yards, withering shrubbery and, most recently, dying or dead street trees.

"THE CITY encourages local residents to water street trees to a sufficient degree to insure their survival," Mayor Podgorsek announced Monday. "We all have a substantial investment (financial and otherwise) in the many beautiful trees which grace our streets."

Kukuk, who also serves on the city Parks and Recreation Commission, went further with his advise.

"Don't let your lawns and your good shrubs die," Kukuk reiterated, "You don't need to." And, by not watering your lawn, he added, you may be killing your trees.

The stately birch trees which line Alice avenue are a case in point.

Local treeman Phil Olavarri checked the dead and dying trees along that street last week and found no evidence of oakroot fungus (the only other possible cause). He concludes those trees are dying as a result of lack of water.

Public Works Director Joe Elliott agrees. The trees that died of thirst are typically in front of yards where the lawns are dead or dying too, he explained.

THOSE 40 year-old birch trees have been used to between 25 and 30 inches of water yearly. In addition to the city's average rainfall of 15 inches, street trees become dependent on the extra moisture from lawn waterings.

But the problem isn't limited to Alice ave. Throughout the city you'll find many species of trees who have found the trama of two low rainfall years in a row too much to handle without additional watering.

For those dying trees, a lawn sprinkling won't be enough to save them, Kukuk explained. He said the roots need more than a deep soaking.

RESIDENTS with wilting trees should dig a small hole about 6 inches deep near the drip line (farthest spread of the branches) and place some gravel in it. Then place the garden hose there and let a trickle of water run as long as it doesn't overflow, he advised.

Several local observors have suggested that the city bring in its water tank truck to give trees an emergency watering but Mayor Podgorsek said this isn't possible.

"The city of Campbell does not, nor has it ever been responsible for the watering of street trees. Pruning and spraying are the city's responsibility," he added.

IN THE case of trees already dead though, the city will step in.

"If an existing street tree dies or is damaged, the city will replace the tree at no cost to the resident," the Mayor explained.

Anyone with a question about the watering requirements of their type of tree or about the city's tree policy can contact the Public Works Department weekdays at 378-8141.

City will be minding local historic roots

CAMPBELL has history worth preserving, city officials declared last week, and they adopted a policy statement to back it up.

"In order to preserve the cultural heritage of the community," the policy reads, "and in order to promote the general health, safety and welfare of the citizens of Campbell, structure sites and areas or districts of special character or special historic, architectural or aesthetic interest or value should be preserved and should not be unnecessarily destroyed or impaired."

The vote on the new city policy was unanimous.

Along with this action the Council will be appointing members to a historic preservation committee to help identify areas, sites or districts to receive special attention.

LAST WEEK'S action came out of an earlier study session with members of the Civic Improvement Commission.

Currently the city has a federally funded temporary employee charged with compiling an inventory of historic sites and buildings. That project should be completed early next year.

Along with the recommendation for a policy statement the Commission also asked the Council to take action to include 18 specific sites in town in an interim zone to protect them from demolition until the study can be completed. The Council hasn't acted on that recommendation.

INCLUDED in that list are the old Campbell grammar school, Campbell High, Briner Hall, The Factory, the Central ave. fire station and the trees at Harrison Park.

Several general areas were included such as Alice ave., from Winchester to First st. and the downtown buildings from Harrison to First st.

Individual homes mentioned include the Ainsley home on Second st., Fred Smith home at Harriet and Hacienda, the old James Henry Campbell home on Second st. and the Kennedy-Watson home on Catalpa.

KAREN RUTOWSKI

of Secaucus, New Jersey, is visiting her cousin, Alison Luft in Campbell, California for the next four weeks. Karen plans to spend considerable time at the Cloverdale Cabana Club between tours of local and distant California points of interest.

POOL OWNERS
YOU CAN SAVE UP TO
1000 GALLONS OF WATER
EVERY WEEK!

Swimming pools can lose anywhere from one to three inches of surface water or more per week if left uncovered.

In a pool 20X40 feet (800 sq. ft.) for every inch of water lost you lose 500 gallons of water.

Air Bubble packaging material when used as a pool cover will drastically reduce the water loss.

The Bubbles' also act as a solar resevoir raising the temperature of your pool 10° to 15°.

Bubble Sheeting was designed originally as a industrial packaging material made of polyethylene, nylon and is priced as such.

SAVE 50% to 100% of heating costs
SAVE up to 50% of chemical costs
SAVES approximately 50% of electrical costs
SAVE cleaning time & expense
PREVENTS leaves & debris from entering the pool
STAYS ON in strong winds without stays, weights, ties
GOOD year 'round

SMALL & LARGE BUBBLE SHEETING
HEAVYWEIGHT
7 – 11¢ sq. ft.

DISTRIBUTION CENTERS:
San Francisco, Santa Clara Co., Contra Costa

BEDWETTERS?
LET THEM HAVE A DRY BED!

The greatest gift you can give a bedwetter and the rest of the family, too, is an end to this serious problem, and make no mistake, bedwetting is serious. It can cause complicated psychological problems that last a lifetime. It's so needless because bedwetting when not caused by organic defect or disease, can be ended. Phone or write for our free brochure, "Bedwetting — What It's All About and How to End It" a report by three medical doctors. No obligation.

Editorial

Letting trees die is criminal

Campbell and most of San Jose is not in the dire water straits which face Marin County this summer.

We have an adequate supply of water to meet the needs of residents during the next two years; even if there was no more rainfall, according to authorities.

That doesn't mean we shouldn't be aware of wasting water. For years we've all taken this cheap natural resource for granted.

The voluntary cut-back called for can be accomplished through such simple measures as not letting the lawn sprinkler wash down the sidewalk and washing dishes without letting the tap run full blast for a half hour.

The conservation measures asked for DO NOT mean residents should let their lawns, shrubs and trees die for lack of water.

Our beautiful street trees have taken years, decades, to reach their present maturity. And hundreds of thousands of gallons of water for nourishment.

To let them die through neglect or through a mistaken idea of water conservation is criminal.

The grand opening that almost wasn't ...

THE NEW WOOLWORTH Garden Center, 2460 Winchester boulevard, came close to keeping its doors closed for the grand opening last week, when they ran into a snag over a fire plug.

One day before the opening they had still not obtained their clearance from the fire department because a hydrant, required by the city, had not been installed.

Battalion Chief Sal Leonardi asked the Building Department to hold up the okay on the utility meter and, without that, the store wouldn't have lights or gas. With hours to go before the grand opening, one building inspector inadvertently gave a verbal okay to have that meter installed.

SO, WITH THE electricity hooked up, Manager Bill Horton opened for business. But there's no gas service to the new business and, without that fire department okay, no certificate of occupancy — required of all businesses.

The problem with the fire plug has been going on for months, Leonardi said last week. And while the contractor is responsible for having that hydrant installed, Leonardi says he went further and contacted the main Woolworth's headquarters in May. But, by July, the building was ready to open and the hydrant was no where in sight.

LAST WEEK Byron sent a strongly worded letter informing the new store they were operating without a certificate of occupancy — a violation of local law.

A store employee said last week they'd received the letter and turned it over to their lawyers and have notified the contractor.

As for the lack of gas service, it's no problem the man said.

"We aren't using our heater much these days."

We hear you

(Continued from page 1)

to any girl, 18 to 24 years who's single. But, if Campbell has an entry, it will have to be for the 1978 pageant. Deadline for this year's competition was two months ago.

I saw that picture of the Pythian Baby Pageant winners in the paper and you left one out. My daughter placed third in the beauty contest and second in the royalty division.

Rod Ol'Dham

Editor's note: You're right and we apologize. Our list of winners was obtained from pageant officials and they evidently left one out. Princess Tiffani Ol'dham was a winner in the 7-8 months age category. She's the daughter of Jan and Rod Ol'dham of Sharon court in Campbell.

I've been hearing about how the city has to move the Central ave. fire station for years. And I know the Dot ave. site was bought just for that purpose. Why is the city backing off from what they decided earlier?

Curious

Editor's note: The Dot ave. site (near the San Tomas expressway) was determined to be not as desirable as other locations within the city, such as Campbell Park, Union ave., etc. . . If, and when, the city sells that property the proceeds must be used for fire service land or property acquisition.

Save a tree ...water it

The death of a tree is a quiet tragedy. Plants don't moan or tremble but stand in place with their leaves turning brown. Many local trees are dying now because people don't realize they need water. (Another impression by The Silent Company mime troupe.)

Photography by Ray Downey Laskowitz

our readers write

An arrogant move

EDITOR:

California law (Water Code Sec. 106) declares that domestic use is the highest use of water. Agricultural use is second in priority. State law also provides detailed procedure for water allocation during drought conditions. Chapter Three of the Water Code entitled "Water Shortage Emergencies" was passed by the Legislature in 1953 and is still the binding law of this state today.

Despite pre-emption of water legislation by the State, the Santa Clara County Board of Supervisors has enacted Ordinance NS 626, arrogantly attempting to circumvent the State Water Code by giving first priority in water usage to business and industry, and last priority — along with a heavy guilt trip — to domestic use.

Now the City of Campbell is contemplating a similar travesty — a "model" ordinance for other valley cities. If there were a real water shortage the private water distributors (i.e. San Jose Water Works, Campbell Water Co., Great Oaks Water Co.) are empowered by the State to ration water, and the procedures are clearly spelled out in the Code. And the State mandates that first priority be given to homes and lastly to business and industry.

Neither the Santa Clara County Board of Supervisors nor the Campbell City Council has statutory authority to enact any water emergency ordinance, for this power has been pre-empted by the State (Sec. 357).

Therefore their actions on water use are contrary to state law, and clearly show that they are the handmaidens of business and industry and no longers servants of the people who elected them.

David R. Blain
Los Gatos

Editor's note: We know of nothing which would preempt us from adopting an amendment to our building code (dealing with water conservation), said Terry Ellis, city administrative assistant Monday. As long as we don't pass any ordinance or measure which is prohibited by state law or already covered by state law, he added, we have the right to take certain measures. Ellis says he knows of no such circumstances in the case of water conservation. Under consideration by the city at present is a building code revision which would have such devises as shower flow regulators standard equipment in new homes.

Fund only the 'basics'

EDITOR:

At the Tuesday, July 19, meeting of the Board of Supervisors Geraldine Steinberg and I attempted unsuccessfully to urge the full board to adopt, as a goal for the 1977-78 budget hearings, a 10.6 cent reduction in the county property tax rate.

This proposal reflected my belief that there is a built-in tendency to spend additional revenues, unless at least a basic assurance is provided beforehand to taxpayers that some of that additional revenue will be returned to them through a tax-rate cut.

The 10.6 cent goal was based on formulae incorporated in pending state property tax legislation (SB 12 and AB 999) which relate increased property tax revenues for local government to inflationary increases in costs to government, population and construction growth.

Because there is a reasonable certainty that the county, and other local jurisdictions will face these limits next year, Supervisor Steinberg and I felt it appropriate to project a revenue limit this year using those formulae.

Because other board members, for various reasons, rejected the goal-setting, it is my belief that the public, which desires a tax-rate cut, must be vigilant in letting all supervisors know their prorities for tax-rate cutting, as well as for county service levels.

For myself, the 10.6 cent remains a miminal goal. The same inflationary increase that hurts the homeowner benefits the county purse. While some of that additional revenue is needed to meet inflationary demands on government, there is an obligation to return to the taxpayer that portion of the increase not needed to cover basic added costs. It is my intention to meet that obligation during the 1977-78 budget hearings.

They're busy these days down on the old Westmont farm

AUGUST 11 marks the opening of the Santa Clara County Fair and the culmination of 10 months of blood, sweat and sometimes tears, for Westmont Farm, and it's Future Farmers (FFA).

Westmont Farm, across from Westmont High School, is the home of Campbell Union High School District's FFA program and approximately 75 steers, swine and sheep to be shown in the Fair's livestock show.

Most of the kids in FFA are high school students, and must be enrolled in a vocational agriculture class according to Dixie Mitchell, supervisor of Vocational Agriculture.

What they learn at the Farm is part of their regular high school curriculum and classes are set up to allow students travel time to and from Westmont Farm where the instructors teach the learn-by-doing method.

"It's necessary for us to do some classroom-type teaching, but we prefer to do as much as we can outside the classroom," said Bob Crabtree, an agriculture instructor at the Farm.

THE COUNTY Fair is the big event for the kids who have groomed, raised, fed and cared for their animals; all with the hope of becoming the champion or reserve champion (1st or 2nd) in their category.

The boys and girls can hardly wait until one minute past midnight, Friday, August 12 when they are officially allowed to bring their animals into the fairgrounds.

"When our kids go in, they are prepared and they know they are prepared," declared Mitchell.

Students practice every day on how to "show" the animals to the judge and how to emphasize their animals good points, according to Crabtree. Proper grooming is also very important.

AFTER THE animals have been viewed by the judges, and the awards have been made, an auction will be held beginning at 9 a.m., Saturday, August 20. If the animal is a champion or reserve champion he must be auctioned.

Any other prizewinners (those considered prime beef) may also be auctioned at the owners discretion.

At auctiontime a member will have about $500 invested in a steer, $125 in a pig and $100 in a sheep. How much they get for the animal depends on the market value at the time, according to Mitchell.

"If they can break even it's worth it to them," he said. "If they can make more, it makes the game more enjoyable."

Though the kids are prepared from the beginning not to become emotionally involved with their animal, some of them have a hard time controlling the tears when they turn over the reins to someone else for the last time.

"WE DISCOURAGE the kids from crying in the auction ring," said Mitchell. "If they want to cry later that's O.K., but the auction is no place for it."

Westmont Farms members are divided into two divisions or chapters; Campbell chapter including Prospect, Blackford, Westmont, and Campbell and the Camden chapter comprised of Branham, Del Mar, Leigh, and Camden High Schools.

Launa Atkin, a Del Mar senior, is this years president for both chapters.

Kirk Rattenne of the Camden chapter and a 1977 graduate of Camden High, has been in the program three years and feels this year he has a good chance of taking top honors with his steer as well as his entry in the Open Division for his Dahlias. He will also be entered in the FF class for his vegetables.

"I have 26 different varieties of Dahlias, and I feel as confident about them as I do my steer," he said.

Kirk will be going to Modesto College next fall, majoring in Crop science.

He was voted the top honor bestowed by the State FFA at the annual convention last May in San Luis Obispo. Rattenne was named a Golden State Farmer, an honor based on leadership, scholarship, and activities the student is involved in connection with FFA.

THE AVERAGE steer gains two pounds every day while he is on feed preparing for the show. They are bought when they are about a year old and usually weigh approximately 500 pounds. By showtime they must be between 900 and 1300 pounds.

Rattenne's steer was slightly under 500 pounds when he purchased him but is now a little over 1100. He has averaged a spectacular 3.6 pounds a day weight gain.

"We're proud of our kids," Mitchell said. "Almost the entire Farm was built by the kids in the Agricultural mechanics class about ten years ago."

Before that, the FFA operated out of Campbell High.

STEVE Schaefer is outweighed in his struggle to get his steer, Mopar, to leap up onto the curb. It must be stage fright.

Future farmers are heading for the fair

PAULETTE Rinck appears to be trying to coerce her pig, Matthew, into some kind of activity. Please get up!

MOO squints as his owner, Mark Thanksley combs and shampoos him in an attempt to beat the frizzies.

> 'We discourage the kids from crying'

KIRK Rattenne gives his steer, Cassidy, a bath before practice. Boy that feels good on a hot day!

PUBLIC NOTICES

ORDINANCE NO. 1101

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL ADOPTING PLANS, ELEVATIONS AND DEVELOPMENT ZONE ESTABLISHED BY ORDINANCE OF THE CITY OF CAMPBELL (Application of Robert O. Sargent and the Santa Clara Methodists' Retirement Foundation, Inc.).

The City Council of the City of Campbell does ordain as follows:

SECTION ONE: That the zoning Map of the City of Campbell is hereby changed and amended by adopting the attached "Exhibit A" entitled "Plans and Elevations," "Exhibit B" entitled "Development Schedule," and "Exhibit C" entitled "Map of said Said Property," as per the application of Robert O. Sargent and the Santa Clara Methodists' Retirement Foundation, Inc. for approval of plans, elevations, and development schedule to allow construction of a 156 unit 12 story senior citizens housing development on property known as 1655 South Winchester Blvd. in a Planned Development Zoning District. Copies of said exhibits are on file in the office of the Planning Department.

Said approval subject to the following conditions:

A. Prior to the issuance of a building permit the applicant shall provide to the Planning Director a statement certifying that the building will comply with California Noise Insulation Standards.

B. Applicant to sign an agreement satisfactory to the City Attorney that additional parking will be provided in the area shown for possible future parking if the Planning Commission determines that a need for the additional parking exists.

C. That a definition of a senior citizen be established for

the Planning Commission.

d. A Parking Plan in accord with zoning code requirements shall be provided and approved by the City Council in the event the project is changed from a senior citizen's project to a project other than for senior citizens.

E. Property to be fenced and landscaped as indicated and as added in red on plans.

F. Landscape plan indicating type of plant material, location of hose bibs or sprinkler system and type of fencing to be submitted for approval of the Planning Director at time of application for building permit.

G. Landscaping shall be maintained in accordance with the approved landscape plan.

H. Faithful performance bond in the amount of $5,000 to be posted to insure landscaping, fencing and striping of parking area within three (3) months of completion of construction, or applicant may file written agreement to complete landscaping, fencing and striping of parking area prior to final building department clearance.

I. All mechanical equipment located on roofs shall be screened as approved by the Planning Director.

J. Applicant to provide an

system.

K. Applicant to provide copy of recorded cross easements, between subject parcel and parcel to the South, to the Public Works Director for approval.

L. All parking and driveway areas to be developed in compliance with Section 21.50 of the Campbell Municipal Code. All parking spaces to be provided with appropriate concrete curbs or bumper guards.

M. Underground utilities to be provided as required by Section 20.16.070 of the Campbell Municipal Code.

N. Plans submitted to the Building Department for plan check shall indicate clearly the location of all connections for underground utilities, including water, sewer, electric, telephone and television cables, etc.

O. Sign application to be submitted in accordance with provisions of the sign ordinance for all signs. No sign to be installed until application is approved and permit issued by the Building Department.

P. Ordinance No. 782 of the Campbell Municipal Code, stipulates that any contract for the collection and disposal of refuse, garbage, wet garbage, and rubbish produced within the limits of the City of

Green Valley Disposal Company. This requirement applies to all single family dwellings, multiple apartment units, to all commercial, business, industrial, manufacturing and construction establishments.

Q. Trash container(s) of a size and quantity necessary to serve the development shall be located in areas approved by the Fire Department. Unless otherwide noted enclosures shall consist of a concrete floor surrounded by a solid wall or fence and have self-closing doors of a size specified by the Fire Department. All enclosures to be constructed at grade level.

R. Applicant shall meet all state requirements for the handicapped.

BUILDING DEPARTMENT

S. Exterior walls shall meet U.B.C. requirements of Section 1903 (A) Height requirements.

T. Building shall be constructed as a Group H Type II Fire Zone 3 (1973 U.B.C.).

PUBLIC WORKS DEPARTMENT

U. Pay storm drainage area fee of $1,145.00

V. Provide mutual access easements for the common driveway.

W. Obtain excavation permit for all work within the

X. Dedicate sidewalk easements in the duckout area. The sidewalk should be contiguous with the curb.

FIRE DEPARTMENT

Y. Provide an approved Fire Alarm System.

Z. Provide 2A-10BC fire extinguishers.

A.A. Provide 20' wide driveways around building for fire equipment access.

BB. Provide an on-site fire hydrant system along driveways.

C.C. Provide two 6" dry standpipes in stairways.

DD. Provide a wet stand pipe system.

The applicant is notified that he shall comply with all applicable Codes or Ordinances of the City of Campbell which pertain to this development and are not herein specified.

PASSED AND ADOPTED this 25th day of July, 1977, by the following roll call vote:

AYES: Councilmen: Doetsch, Hammer, Paul, Podgorsek

NOES: Councilmen: None

ABSENT: Councilmen: Chamberlin

APPROVED:
William R. Podgorsek
Mayor

ATTEST:

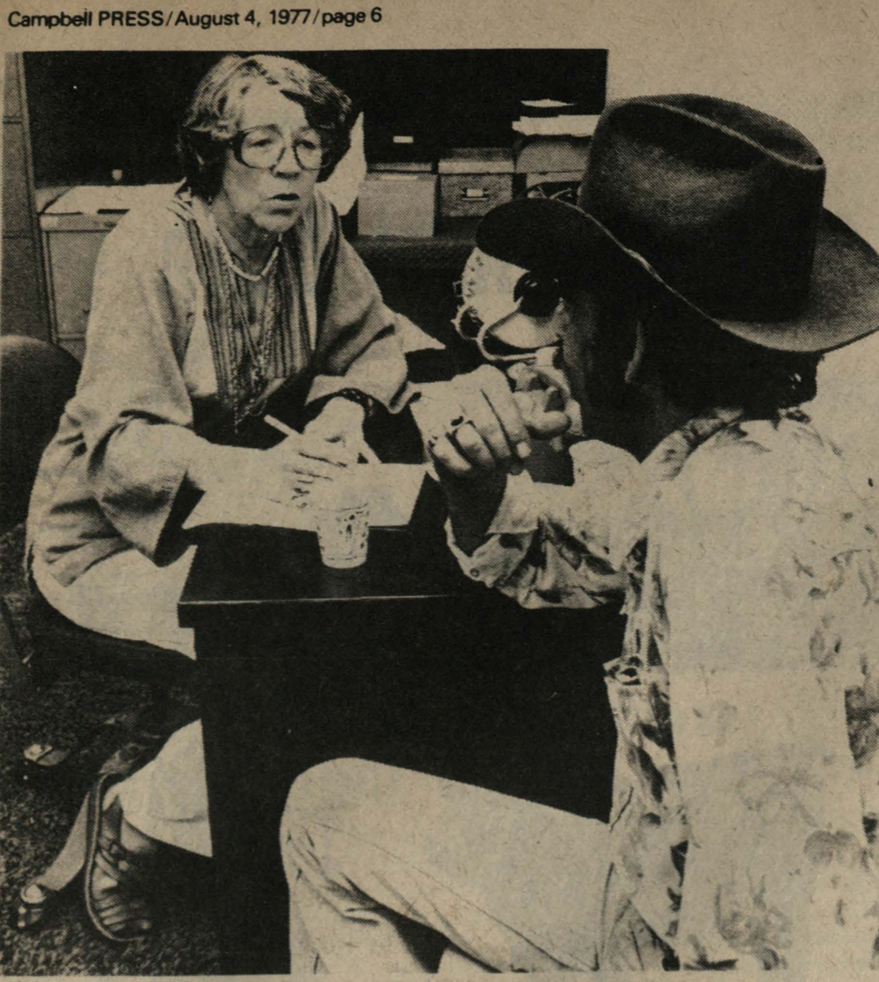
This business is conducted by an individual.

/s/ Maret Kolton

This statement was filed with the County Clerk of Santa Clara County on June 17, 1977.

John Kazubowski, Clerk
J. Doss
File No. 30167



IN THEIR new home at the county office building at 700 Gale drive are members of the Campbell Information and Referral Service (I & R). From left, Director Barbara Allen and Clark Young who has volunteered his time for the past year. There's no problem too big for the I & R office to handle either directly or by steering you to someone who can. Call 374-8645 evenings and weekends call 287-6600. (Photography by Amy Huntoon)

I&R

A place to find help fast when you need clothes, food or just a person to listen

By STEVE RUTLEDGE

DO YOU have a doctors appointment but no way to get there; are your children going hungry; or are you expecting a child but have no crib for his bed?

A Campbell based service agency may be able to help with your disasters, both large and small. Just call 374-8645.

Campbell's Information and Referral Service, at 700 Gale Drive, Room 111, has been in operation since December, 1973 to help anyone, rich or poor, with problems of all kinds. It's called I and R for short.

Barbara Allen and Steve Brummett operate the non-profit office in Campbell, one of 17 local offices throughout the county.

One of the prime responsibilities of the service is to provide and develop resources for the community that are not already in existence such as a clothes closet for the needy.

ANYONE who calls in for whatever reason can be assured of complete anonymity. Names are not mandatory in order to get help. All employees are required to sign a pledge that they will not divulge the names of people in need.

The 24-hour service handles such problems as: legal aid, emergency food, clothing needs, housing, transportation, interpretation, consumer complaints, alcoholism and drugs, recreation, financial assistance, evictions, education, job training, and battered wives.

Since the vast amount of aid provided is from volunteers and donations, I and R would welcome anything you may have to offer in the way of time, furniture, food, clothing or money.

Campbell's office serves an area of 80,000 people, 10 per cent of whom are Spanish speaking.

Office workers helping the regular staff are usually court referrals or are provided by such programs as Summer Program for Economically Disadvantaged Youth (SPEDY). At present, SPEDY is providing the Campbell office with two workers.

THE COURT referrals are shop-lifters, drunk drivers etc. They are ordered by the court to work for various service agencies but occassionally after their time is up, they continue to volunteer their time.

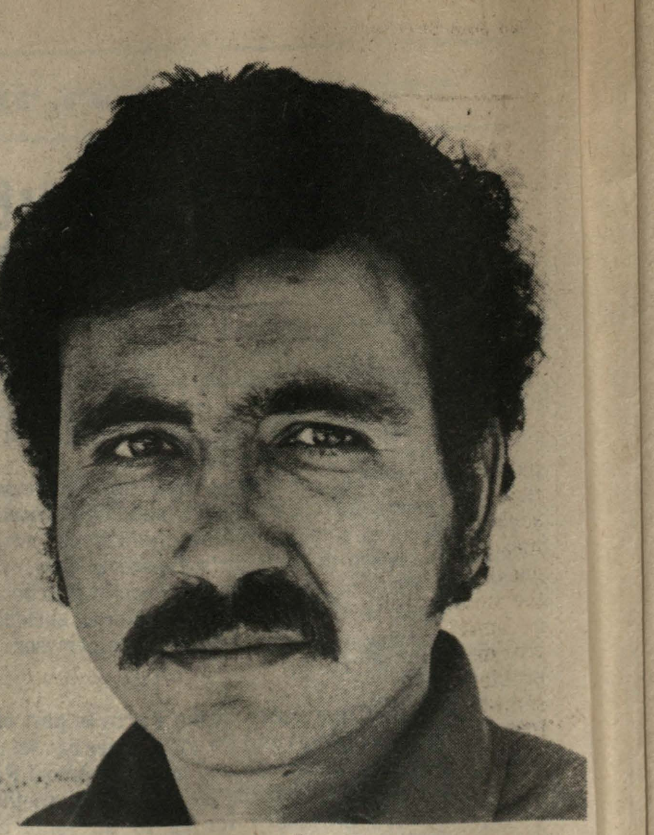
The I and R is in constant fear of having their funds cut off. Their contract with the County Board of Supervisors is never for a full fiscal year to assure them of being able to operate more than a few months at a time.

The service is due for a budget renewal at the end of July and they are hopeful of getting the requested $545,000 (which they feel is not enough).

EXECUTIVE Director for the county-wide system of Information and Referral, Dorothy Trevey, is most grateful for the assistance the program is getting but feels they could use more funds.

"We're fortunate we have such dedicated personnel working for us because we can't afford to pay them what they're worth," she said. "They earn their pay."

The Campbell office was only budgeted for $15,000 for the ten month period from September, 1976 to June 30, 1977. This amount covered salaries for two full-time workers, rent for the office, phone costs, postage, and mileage.



Roberto Garcia

Two new faces on advisory commissions

Two city commissions were up to full strength last week after city councilmen voted to fill the vacancies.

Roberto Garcia, 32, was named to the Civic Improvement Commission while David Forsythe, 15, was appointed to the Youth Advisory Commission.

The city Parks and Recreation Commission has one vacancy with the recent resignation of Commissioner Norm Glover, who moved from the city. Deadline for applicants to that post was set for Friday, August 12 at 5 p.m. Forms are available at the City Clerk's office, 75 N. Central ave.

Garcia, a supervisor of a self help center at West Valley College, lives at 254 Superior drive. He is also involved with a local group which recently received funding from the Santa Clara Valley Manpower and Training Board to help the unemployed develop job seeking skills.

The new commissioner holds an AA in sociology and a BA in community studies (urban affairs).

Dave, son of Ann and Richard Forsythe, 1300 E. Campbell ave. will be a junior at Del Mar High School this fall.

Dave Forsythe

SEAMAN APPRENTICE FINISHES TRAINING

Steven J. Nagengast, Coast Guard Seaman Apprentice, has completed recruit training at the Coast Guard Training Center, Alameda.

Nagengast, son of Mr. and Mrs. Thomas G. Nagengast, of 1503 McBain Ave., studied first aid, seamanship, Coast Guard history and regulations, close order drill and damage control.

CAMPBELL CHAMBER OF COMMERCE

Ted Rogers, Executive Vice-president of the Campbell Chamber of Commerce, recently completed a weeks' training at the Institute of Organization Management at Mills College, Oakland.

Almost 300 voluntary organization executives from 26 states and the District of Columbia participated in this development program to assist them in the knowledge and skills needed to upgrade the effectiveness of their organizations.

The session was part of a six year training program sponsored by the Chamber of Commerce of the United States at leading universities throughout the nation.

EIGHT NAMED TO DEAN'S HONOR LIST

Eight Campbell students are among the 2,000 named to the Dean's Honor List at the University of California, Davis in the colleges of Agricultural and Environmental Sciences, Engineering, and Letters and Science.

The list is based on this past spring quarter's grades.

The following are the local Campbell students and their class level:

Seniors: Catherine Behrendt, Linda Hoque, Richard Ewell, and Dawn Groten. Junior: Laura Johnson. Sophomore: Edward Ring and Freshmen: Cameron Cleland, and Alexis Lansing.

An Affair to Remember with BEA RENÉ

© Bea Rene 1975

How would you like to dine on a lovely outdoor patio at umbrella tables overlooking a sleepy lagoon? This is the scene you'll find at **SENOR PEPE'S** in Foster City (across from the Hillbarn Theater in Port o' Call Shopping Ctr.). Here is Acapulco, Foster City style. The decor is charming, the Mexican cuisine excellent & I notice their Cantina filled w/happy imbibers. Pretty hostesses w/greet & seat you either in the tiered dining rm. w/the unique fountain or outside on the deck at the water's edge – continuous dining until 11 p.m. (midnight Fri. & Sat.). Hasta la vista!

Often times I'm asked at a speaking engagement if I feel that "decor" has a big effect on a restaurant – in other words, is decor more important than food? Naturally, my answer has been that first & foremost good food is the basis for a good restaurant, but when you discover a restaurant such as **CLEMENTINE'S** that combines both decor & excellent cuisine, you certainly have a "find." Why don't you try it?

A "page right out of New Orleans" has now become a reality at the Old Mill Specialty Center w the opening of the new **BOURBON STREET RESTAURANT** . . . serving authentic Creole French cuisine & famous New Orleans libations . . . Select from Lousiana Breast of Chicken, Filet de veau ala Grappe, New Orleans style BBQ Jumbo Shrimp. A sep. Oyster Bar menu offers tempting selections (Oysters Rockefeller, Angels on Horseback, Steamed Clams, Jumbo Shrimp & Oysters on half shell), & Early Bird Specs. served 4:30-6:30 p.m. under $3.95 . . . dinner served 6:30 p.m. till 10 p.m. at which time they serve Steak & Prime Rib Sandwiches, $3.95. Oh yes, Happy Hour 4:30-7 p.m. with doubles & 15¢ Oysters. In other words, the owners & mgrs. of **BOURBON STREET** plan to keep serving food as long as you wish. Live Entertainment & Disco dancing. Open 7 days.

Imagine the surprise some diners receive when they stop in to a **SIRLOIN AND BREW UNLIMITED** for dinner & a waitress greets them with glasses of champagne! This happens every Mon., Tues. & Wed. – Champagne Nights. The bubbly is included as part of your dinner. Diners also receive unlimited burgundy, chablis, beer or sangria.

Kids & grown-ups alike enjoy the thrill of visiting the **94TH AERO SQUADRON** where they listen to the S.J. tower giving landing directions to the incoming planes. In addition to serving marvelous cuisine, the decor is charming & entertaining in itself. There's a fun disco & dance floor in the downstairs bunker & Sun. Brunch is a memorable affair. Do stop by.

you and your pet

By ROBERT L. STEAR.
D. V. M.

THERE ARE several parasitic infections in dogs that are spread by biting or sucking insects like the mosquito. Heartworm is one of these — and is one of the most serious.

Until recently, heartworm was a major problem only in tropical or semi-tropical areas where mosquitos were present all year. Today, dogs infected with heartworms during visits to warm southern states are serving as reservoirs of infection in other parts of the country. They are making heartworm a national canine health problem.

Dogs develop this disease when they are bitten by a mosquito carrying immature worms, called microfilariae. The microfilariae live in the dog's bloodstream and mature into adult heartworms four to nine inches long. Heartworms become a threat to your pet when the size and number of the adult worms interfere with the passage of blood through the heart and the operation of the heart's valves.

THE BEST way to control the heartworm problem is to prevent its development. Before the mosquito season begins in your area, take your dog to your veterinarian for a heartworm checkup. If your veterinarian finds no heartworm larvae in the dog's blood sample, he or she can prescribe a medication containing diethylcarbamazine. This is the safest, most reliable preventive medication for heartworms. It is now available as a new palatable tablet readily accepted by most dogs. Added to the dog's food every day during mosquito season, it will kill the microfilariae soon after they enter the dog's bloodstream.

If uncontrolled, heartworm larvae live under the dog's skin for about three months and then migrate to the heart and large blood vessels. Six to eight months later, the adult worms produce a new generation and free-swimming larvae appear in the bloodstream. Mosquitos that bite this dog also pick up the larvae, starting the cycle once again.

A dog carrying only a small number of heartworms may show no outward signs of infection. However, as the worms multiply, a number of symptoms develop — easy fatigue, frequent cough, labored breathing, even fainting spells after exercise. Symptoms vary greatly from dog to dog, and may also include itching and anemia.

IF YOU dog does have heartworms, the treatment is in two parts. The first dose of medication kills the adult worms. Several weeks later, a second drug is given to kill the immature worms in the bloodstream. Your veterinarian will have specific instructions for the care of your pet during the treatment period. The most important part of the care is absolute rest and quiet so that the masses of dying worms do not form a clot in the lungs or large blood vessels. Your veterinarian may also prescribe drugs to reduce the inflammation and infection, or to strengthen your pet's heart action during this time.

Extermination of a large population of heartworms places a severe strain on the dog and must be handled slowly and carefully. Most veterinarians, including myself, prefer to prevent the disease rather than treat it.

EDITOR'S NOTE— Dr. Stear regrets that he is unable to personally answer letters from pet owners. He suggests that readers consult their own veterinarians when their pets have problems.

Colleen and Larry united in morning nuptials here

St. Lucy's Catholic Church was the site of a morning nuptial mass uniting Colleen Patricia Rooney and Lawrence Lee Yeargain of Campbell.

The bride wore a long-sleeved six tiered hoop skirt gown of lace with mother-of-pearl and a square scoop neckline. Her hat was an old-fashioned picture hat in all lace with a floor length veil.

COLLEEN PATRICIA YEARGAIN

Her bouquet was a nosegay of white and yellow roses, white stephanotis, blue carnations, lily of the valley and baby's breath.

The bride carried her mother's wedding handkerchief handed down from her grandmother.

Bridal attendants wore old-fashioned floor length gowns with a blue floral pattern and a wide sash and blue pictures hats, while the Maid of Honor wore a yellow chiffon gown, floor length, with a wide yellow floral sash.

Maid of Honor was Sharon Rooney and bridesmaids were Jan Yeargain, Mary Kay Gilliland, and Debby Ingraham. All carried baskets of yellow roses, blue carnations, white daisies, and baby's breath.

Best man was John Ferguson and ushers were Chip Rooney, Pete Dent, and Duncan Scollon. The ring bearer was Danny Rooney.

Organist and vocalist was Paul Page.

Mother of the bride wore a floor length pale green chiffon gown with chiffon capelet. She carried a wrist corsage of baby green orchids and baby's breath.

Mother of the groowm chose a floor length gown of peach chiffon with a wrist corsage of apricot and tropicana roses.

Colleen, daughter of Mr. and Mrs. Richard William Rooney, of 1025 Lenor Way, is employed by a Santa Clara electronics firm as a production control clerk. She is a 1974 graduate of Del Mar High and is currently attending San Jose State University, majoring in sociology.

John, son of Mr. and Mrs. Edward Yeargain, 1829 Ensenada Drive, is employed by a San Jose firm. He is a 1974 graduate of Prospect High School and is also presently attending San Jose State University majoring in sociology.

Following a reception for 150 people at the La Hacienda Inn in Los Gatos, the couple left for a wedding trip to British Columbia via Oregon and Washington.

They will make their first home in Campbell.

Seeger-Culbertson

July wedding vows unite a local couple

Ramona Seeger is married to Jeffrey Culbertson at a July 9 ceremony.

NEWLYWEDS Jeffrey D. Culbertson and Ramona L. Seeger have established a first home in the East Bay following their July 9 wedding and a Lake Tahoe honeymoon.

Ramona, daughter of a Sunnyvale couple, and Jeffrey, raised in the Campbell area, were married at United Valley Presbyterian Church in Portola Valley. The Reverend Lloyd Auchard officiated.

The couple first met while they were employed at the Mervyn's Department Store in Cupertino. Their first home is in Albany.

Ramona is the daughter of Mr. and Mrs. Karl E. Seeger, of 873 Azalea drive, Sunnyvale. She attended West Valley College in Saratoga and graduated in 1975 from Brooks College for Women in Long Beach. An alumna of Peterson high school, Ramona presently is employed as assistant manager of the Mervyn's store in Fremont.

Jeffrey is the son of Mr. and Mrs. Robert D. Culbertson III, of 106 Altura Vista, Los Gatos. He graduated from Del Mar high school in San Jose in 1972 and presently is an architectural major at UC Berkeley. He is employed as an estimator by G. A. Pendl Wallcovering Co., Inc., Mountain View.

The groom's brother, Steven Culbertson of Santa Cruz, served as Jeffrey's best man.

Ushers included Rick Seeger, of Sunnyvale; Dale Krahn and Greg Tomko, both of Campbell; Paul Christianson and Dan Ritter, both from Santa Clara; Robert Culbertson, of Los Gatos; and Mark Eastus, Terry Hensley and Craig Ivancovich, all of San Jose.

Cathy Cookson was Ramona's maid of honor. She lives in Los Gatos.

THE BRIDE'S attendants included her sister, Roni Parson, of Fort Lewis, Wash.; Diane Rolla, of Sunnyvale; Carmel Fugett, of Santa Clara; and Lisa Burks, of Santa Cruz.

Flower girls at the wedding were Alicia, Kelly and Lara Emery, all from Campbell.

A champagne buffet for some 300 guests was hosted at Palo Alto Hills Golf and Country Club after the wedding ceremony.

Couple wed in mission rites

The University of Santa Clara's Mission Church was the site of a noon wedding uniting Denise Paula Fredrick and Gregory Paul Angeli.

The bride chose a traditional gown of white silk organza over taffeta, trimmed with venice lace and pearls. She carried an old-fashioned bouquet of white roses, daisies, stephanotis, and baby's breath.

The three bridal attendants wore halter style gowns with jackets, one blue, one yellow and one pink. The Matron of Honor wore a green voile gown in the halter style also with jacket.

Matron of Honor was Laurie Lash and bridesmaids were Shannon Fredrick, Michele Murphy, and Sarah Azzopardi.

The Best Man was Jeff Bruner and ushers were Greg Fredrick, Doug Fredrick, and Joe Rgni.

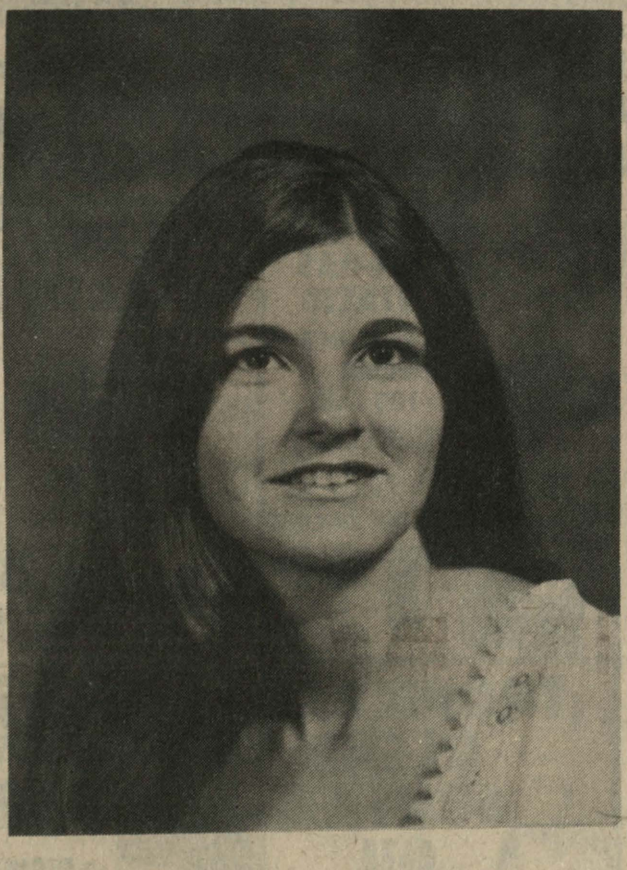
Vocalists from St. Joseph's School sang while the St. Joe's Starland Band provided the music.

Denise, daughter of Mr. and Mrs. Robert O. Fredrick, of Saratoga, graduated from Westmont High and from San Jose State University and is now teaching at St. Joseph's School in San Jose.

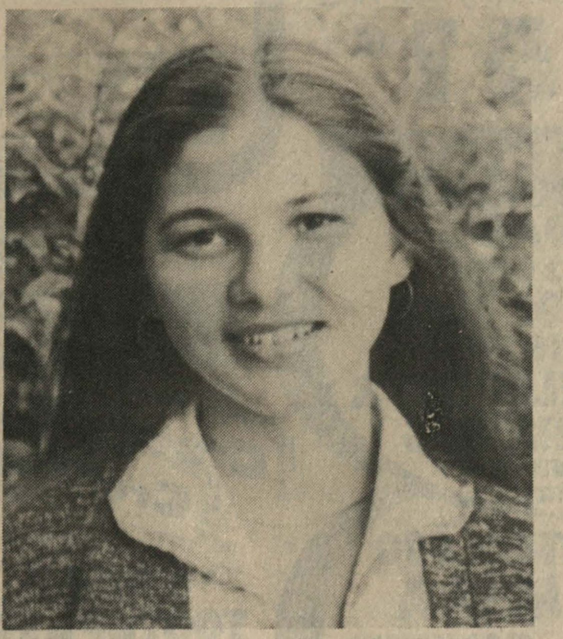
Gregory, son of Veronica T. Daniel, of Millbrae, graduated from San Jose State also and has his Masters degree from Santa Clara University and is working for an Oakland firm.

Following a reception for about 230 people at the Los Gatos History Club, the couple left for a honeymoon trip to Europe.

They will make their first home in San Jose.



DENISE PAULA FREDRICK



CAROLYN SCRIVANO

Two Campbellites plan fall wedding

A family dinner party was held to celebrate the engagement of Carolyn Scrivano to Matt Cary, both of Campbell.

Carolyn, daughter of Mr. and Mrs. Sal Scrivano, 104 South Hunt Way, is a 1976 graduate of Campbell High School and also attended West Valley College. She is presently employed as a secretary with a Santa Clara firm.

Matt, son of Henry and Jeane Cary, 113 North Second St., attended Campbell in the ninth and tenth grades but graduated from Mitty High School in 1976. He is employed as an apprentice carpenter.

The couple plans a fall wedding.

Workshops on careers in Palo Alto

Career Dimensions, a non-profit job counseling center in Palo Alto, is offering a series of workshops this week designed to help people find satisfying work. These three-hour workshops will be presented at 505 Hamilton Ave., Palo Alto.

"Selling Yourself in a Resume" teaches the newest techniques of tailoring your resume to the job you're seeking, high-lighting your strongest points and minimizing weaknesses, and how to demonstrate how paid or volunteer experience can work for you. Tuesday, August 2, 7-10 p.m.

"Getting From Here to There" shows how to clarify "fuzzy" career/life goals and plan a practical strategy for reaching them. Tuesday, August 2, 7 p.m.

"Zero in on Your Career Options" is a career planning workshop where participants will learn how to pull together the pieces of who they are and what they want to do and relate this to the choice of job and career. Thursday, August 4, 7 p.m.

Help to wile away your free time and keep the kids busy too

It's seven weeks into summer vacation and the kids don't have a thing to do. Right?

If you need some help getting them out of the house and out from under your feet try suggesting one of the activities on our August Round-up list.

And , while you're at it, find some fun activity or class for yourself.

CHILDREN

AUGUST 30 — San Tomas Community Center will hold a Casino Night for kids. There will be gambling games (not for money) and dancing beginning at 7 p.m. at San Tomas Park.

siren sounds

THE PLACE TO GO?

An 18-year-old man was attacked and subsequently had his jaw broken from a "roundhouse-type karate kick at Jack-in-the-box restaurant, on Campbell Ave.

According to the victim, the attack was unprovoked and followed continuous verbal abuse from his attacker.

He went to the restaurant, the man said, because "it's the place to go."

POTATO CHIPS AND A SLURPEE — TO GO.

The 7-11 store on Sunnyoaks Ave. was robbed of $50 recently by a young man with a gun.

According to the clerk, the man came in and grabbed a bag of potato chips and ordered an orange Slurpee. The clerk turned to make the Slurpee and when he turned back, the man held a gun.

"Take out a bag and don't touch nothing else," the robber reportedly ordered.

The robber then left with the $50 . . . and a snack.

DOG OUT — BURGLARS IN

A local welding firm was reportedly burglarized recently of $1,850 worth of welding tool and equipment.

The burglars cut a hole in the wire fence to let the watchdog out and themselves in.

Once inside, the thieves removed some beer from the refrigerator and made themselves at home while they carried the tools to their get-away vehicle.

Ideas sought on how to spend our federal funding

Citizens are invited to offer their ideas on how the city of Campbell should spend more than $200,000 in unallocated federal revenue sharing funds for this year. The public hearing on revenue sharing is part of the Monday, August 8 meeting of the City Council. Sessions start at 8 p.m. in the Council Chamber, 75 N. Central ave.

Also up for discussion Monday will be:

- A zone change from R-2-S to PD (planned development) to allow construction of 22 cluster homes and 16 townhouses at 681 W. Hacienda ave., near Capri drive.
- A proposed ordinance that would allow construction projects which cost less than $25,000 to come before the Planning Director for approval in a PD zone. At present all renovations and additions must go through the complicated and costly public hearing route.
- A staff report on the investigation of excessive noise near the intersection of San Tomas Aquino road and Campbell ave.
- An annexation petition, Lovell 77-3, for property on Westmont ave. at Harriet. Pre-zoning was set at single family residential for the large parcel.
- An amendment to the city's General Plan requiring such businesses as theaters, bowling alleys and book stores to obtain use permits in commercial zones.
- A special presentation to Nona Singleterry of the city finance department for her suggestion on paying bills from vendors quickly so incentative discounts can be obtained. Her suggestion will save the city about $2,000 yearly, a spokesman said.
- A report by Public Works Director Joe Elliott on ways to lessen traffic problems along the stretch of Campbell ave. between Highway 17 and Foote st.

ARIES (March 21-April 19): You feel like you're being chased by three witches with a kettle, Ari. The stroll down easy-street should be sweet, sweetheart, not a mad journey from pillar to post. So glide, you'll arrive. On last day, witches turn into a partner for the ball . . . and you have one!

TAURUS (April 20-May 20): Your problem is like an onion, Taurus-baby: layer after layer after layer. The tears are many, but the peeling persists. On last day, you feel like a petunia in a you-know-what. Cheer up and keep peeling, for on last day solution is found. You grow.

GEMINI (May 21-June 20): The seashore is covered with shells, Gem, but few have any real treasure inside. Sift carefully, by week's end you find perfect "pearl". A mate or an idea — whichever — "don't cast pearls before the unappreciate." appreciative". YOU enjoy it first.

CANCER (June 21-July 22): There is so much red tape around you, Moon-baby, it looks like May Day in Moscow. Cut path through the middle with swift, sure strokes. Advice of expert is not helpful now. On final day, replace sword with bottle-opener and uncap a few.

LEO (July 23-August 22): Take advantage of summer lull to complete a big project, Leo. In otherwords, get out of the hammock and into the harness. There's work to be done! WORK, WORK, WORK! On last day, you marvel at what your aching back hath wrought.

VIRGO (August 23-Sept. 22): Like a basket of cherry-bombs, you are calm, cool and collected until lit, Virg. Then POW . . . to the moon; pretty, but cold and lonely. On last day, keep fire extinguisher ready, but allow self three "fizzles" and a BANG!

LIBRA (Sept. 23-Oct. 22): Steady does it, Lib, you're on course and the jib is full. Expect smooth sailing, this week, as you ride the waves with ease. On last day, look for friendly port to fly a flag of welcome.

SCORPIO (Oct. 23-Nov. 21): Things around you are heavy, heavy, heavy, Scorp. Somewhere in your spirit, there is a lode-stone of sadness which attracts even more grief. Put it aside. Without the bitter, there would be no sweet. . . and vice versa. On last day, you get some sugar.

SAGITTARIUS (Nov. 22-Dec. 21): Do a flip-flop, Saj. You're headed in the wrong direction, for sure. Ease up on the hammer and take a good, hard look at where you're going. There's another road open that is better for you to travel. On last day, Cupid winks. You capitulate.

CAPRICORN (Dec. 22-Jan. 19): Your sense of what if fair and right has been clouded by your desire to be a banner waver, Cap. Some causes are lost. Leave them to wander on their own. On last day, use your banner as a flag of truce and have tea with a former foe.

AQUARIUS (Jan. 20-Feb. 18): Complications are about to be revealed. Relax, Aquari, if everything were as simple as ABC, the world would be a big kindergarten. There is still time for a few games, however. On last day, you play hide 'n seek and you're IT!

PISCES (Feb. 19-March 20): Worlds flow within and stand still without. You are in a new tranquil space, Pisces, but watch out, what was yesterday's reality is today's dream, WAKE UP! Head for the ocean, the rivers, the mountains . . . the hills, if need be. Just go.

Last day finds you "off on the road." Probably not to Morocco . . . but maybe Ypsilanti? Yes, Pisces, there really is an Ypsilanti.

By DOROTHY TERRILL

EDITOR'S NOTE: Dorothy Terrill, a registered dietitian and instructor at De Anza College, holds an M.S. in nutrition from UC Berkeley. Questions about nutrition are invited. Address all questions to: Dorothy Terrill, Nutrition Notes, Suburban Newspaper Publications, Inc., P.O. Box 368, Cupertino, 95014. Mrs. Terrill will answer questions as space allows.

"BACON, 12 oz for $1.15," a recent ad read. Is that a "good buy?" Actually, it is not. Bacon is almost 70 per cent fat, 19 per cent water and only 8.4 per cent protein. That means that in 12 oz. only one ounce is protein and the rest does more harm than good to the body unless you are a rare person who needs to add extra saturated fat to your diet — an unlikely situation.

Because of its high fat and water content, bacon becomes one of the worst buys in the supermarket, at any price. The aroma is delicious, however, and the person who discovers a way to bottle that will make a fortune!

There is more to bacon than fat, water, and protein. There are also the nitrites added to cure the bacon. Originally they were added as a means to prevent botulism, a usually fatal food poisoning. The nitrites give cured meats their characteristic red color and impart the expected flavor.

However, even though these compounds have traditionally been used for centuries, during the last 10 years it has been discovered that they react with certain amino acids in the body to produce cancer-causing compounds called nitrosamines. These nitrosamines are considered dangerous and many people feel that the FDA ought to ban nitrites in foods.

The amount of nitrosamines found in cooked bacon does depend on the method of preparation and the degree of doneness. In some studies, raw or lightly fried bacon had no nitrosamines; bacon cooked by microwave had 2 parts per billion; medium-fried bacon had 15 parts per billion and well done (crisply fried) had 18 to 20 parts per billion.

THE FDA has suggested that bacon be limited to a nitrite level of 125 parts per million (ppm) but the USDA and representatives from the Center for Science in the Public Interest disagree with this level. The latter claim that while the 125 ppm is safe in preventing botulism, it also is guaranteed to produce nitrosamines.

The question of nitrosamines in the diet is somewhat controversial, too. Dr. Theodore Labuza, a food technologist, claims that 60 to 65 per cent of the nitrite consumed is produced by the bacteria in our mouths and only 30 per cent comes from cured meats. Nitrates that are found naturally in vegetables are turned into nitrites which then react with certain amino acids to produce nitrosamines. This author states that to eliminate nitrites, vegetables would have to be banned from the diet. However, the nitrites occur naturally in the vegetables and perhaps the human body has a tolerance for a certain amount of these nitrites but the added 30 per cent from the cured meats may be just 30 per cent too much.

In any event, bacon, with the large percentage of fat, is not a particularly healthy addition to the diet. It also contains a great deal of sodium and it is thought that all people can reduce their sodium intake to good advantage. It is a luxury item in today's grocery bill. The best advice, if you must have some bacon, is to eat it as infrequently as possible, cook it by microwave or slightly underdone, and avoid eating crisply fried bacon.

ORDINANCE NO. 1102

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL AMENDING CHAPTER 5.40 OF THE CAMPBELL MUNICIPAL CODE ENTITLED TAXICAB COMPANIES

THE CITY COUNCIL OF THE CITY OF CAMPBELL DOES ORDAIN AS FOLLOWS:

That the following Sections of Chapter 5.40-Taxicab Companies* be amended:

Section 5.40.005	Definitions
Section 5.40.010	Taximeter fare schedule
Section 5.40.015	Zone fare schedule
Section 5.40.020	Time basis fare schedule
Section 5.40.025	Posting—Filing schedule
Section 5.40.030	Owners license
Section 5.40.035	Restricted owners license
Section 5.40.040	Hearing on application
Section 5.40.045	Contents of applications
Section 5.40.050	Grounds for denial and revocation
Section 5.40.055	Evidence of mechanical condition
Section 5.40.060	Identification—Painting and lettering taxicabs
Section 5.40.065	Application for additional vehicles
Section 5.40.070	Liability Insurance
Section 5.40.075	Provisions of policy
Section 5.40.080	Noncancellation clause
Section 5.40.085	Bond in lieu of liability policy
Section 5.40.095	Distinctive Caps and Badges
Section 5.40.110	Soliciting passengers
Section 5.40.115	Direct route
Section 5.40.120	Taxicab stands
Section 5.40.125	Passengers—Full use of taxicabs
Section 5.40.130	Taxicab compartments
Section 5.40.135	Refusal to pay fare
Section 5.40.140	Receipt
Section 5.40.145	Refusal of service

*For statutory authority of local authorities to license and regulate the operation of any vehicle for hire, and the drivers of passenger vehicles for hire, see Vehicle Code S16501. For provisions regarding financial responsibility, see Vehicle Code S16500 et seq.

5.40.005 Definitions. Unless the context otherwise requires, the definitions following shall control the construction and interpretation of this chapter:

(1) "Chartered motor vehicles" mean and include all motor vehicles transporting passengers for hire on the streets of the city, irrespective of whether such operations extend beyond the boundary limits of the city, for a compensation based on other than distance traveled, zone, time, baggage, or any combination thereof; and which are operated by the owner or a driver employed by the owner, except motor coaches or buses operated on regular schedules and over regularly established routes. Chartered motor vehicles shall include limousines transporting passengers for hire. All provisions of this chapter regulating taxicabs shall be applicable to such limousine service business insofar as they may practically be applied. The applicability of provisions shall be determined by the city council at the time of considering application for such limousine service;

(2) "Public convenience and necessity" means a genuine need for additional taxicab transportation facilities in order to adequately and properly serve the needs and convenience of the general public of the city;

(3) "Taxicabs" mean and include all motor vehicles transporting passengers for hire on the streets of the city operated by a driver licensed under this chapter, irrespective of whether such operations extend beyond the boundary limits of the city, except motor coaches or buses operated on regular schedules and over regularly established routes, and chartered motor vehicles;

(4) "Taximeter" means any mechanical instrument, or device by which the charge for hire of a taxicab is mechanically calculated, either for a distance traveled, waiting time, or both, and upon which such charge is plainly registered by means of figures, indicated dollars and cents, and which issues a receipt for the fare so mechanically calculated. (Prior code SS6500—6500.5).

5.40.010 Taximeter fare schedule. All owners of taxicabs operating on a mileage and waiting time basis shall be equipped with a taximeter, and shall adopt uniform and reasonable schedules of charges for use of such taxicabs, based upon the distance traveled or waiting time, or both, as may be indicated by such taximeters, which schedules of fares or tariffs shall be filed from time to time with the chief of police, or such other person who may be hereafter designated, and shall be reviewed and approved by the city council before being put into effect. It is unlawful to charge, collect, or receive any other or different fare or tariff schedule as so recorded by such taximeters. Such fares or tariffs shall not be amended except with the consent of the city council. Upon payment of fare it shall be the duty of the taxicab driver to give the passenger a receipt for the fare so paid. (Prior code S6501).

5.04.015 Zone fare schedule. All owners of taxicabs equipped with a taximeter but which operates on a flat fare or zone basis, or time or baggage, or a combination thereof shall file with the chief of police, or such other person who may be hereafter designated, reasonable and uniform tariffs or schedules of fares, describing the zone or zones in which they apply. Such tariff or schedule of fares shall be reviewed by the city council before becoming effective. It is unlawful to charge, collect, or receive any other or different compensation for the use of such taxicab than that specified in the tariff or schedule of fares so on file and at the time in effect. Such fares or tariffs shall not be amended except with the consent of the city council. The driver of a taxicab operating on a zone basis, or zone and baggage basis, shall upon accepting a passenger ascertain the desired destination and immediately after ascertaining the same shall advise the passenger of the fare. (Prior code S6502).

5.40.020 Time basis fare schedule. Owners of taxicabs furnishing taxicab service on a time basis shall file and adhere to like tariffs or schedule of fares subject to approval of the city council and it is unlawful for any person to charge, collect, or receive any other compensation for the use of such taxicab than in accordance with the tariff or fare schedule currently filed and in effect. Such tariff or fare schedule shall in like manner be subject to review and approval by the city council. (Prior code S6503).

5.40.025 Posting — Filing schedule. All owners shall keep posted in a conspicuous place in the passenger compartment of each vehicle operated by him the schedule of fares chargeable for the use of such vehicle; and when operating on a zone basis there shall be posted in a conspicuous place in said passenger compartment of each vehicle a map of the city, in form satisfactory to the chief of police, or such other person who may be hereafter designated, clearly showing the respective zones and the corresponding rates for each of the zones.

It is unlawful to change the schedule of fares so posted unless and until a new schedule of fares shall have been filed with and approved in accordance with the provisions of this chapter.

Owners of taxicabs shall file the schedules required by this chapter on or before its effective date. (Prior code S6504).

5.40.030 Owners license. It is unlawful to operate any taxicab in the city unless the owner thereof applies for and obtains a license so to do, which license shall be applied for, granted, and in effect, all in compliance with the provisions of this chapter. The owner shall obtain the license provided for in this chapter upon payment by him of a fee of ten dollars per year for each taxicab for which a license is granted. (Prior code S6505).

5.40.035 Restricted owners license. The council may, under the same terms and conditions as are applicable to the issuance of an owner's license, grant to an individual whose principal place of business is in a municipality duly organized and existing under the laws of the state of California other than the city, but who in the ordinary course of business is required to deliver passengers from a point without the city to a point within the same, a restricted owner's license allowing the individual to transact business within the city for the following limited purposes:

(1) To transport passengers from Campbell and discharge them at a point outside the city, in response to a bona fide call for such service;

(2) To discharge in Campbell, passengers picked up outside of Campbell;

(3) To pick up casual passengers on request in Campbell while returning to his principal place of business, the casual passengers to be discharged in the municipality other than the city of Campbell. The right to pick up casual passengers is limited to return trips to said municipalities after having discharged passengers in Campbell from a point outside the city.

The same terms, conditions and restrictions hereinafter set forth applicable to drivers of taxicabs shall apply to drivers of taxicabs operated under a restricted owner's license. (Prior code S6506).

5.40.040 Hearing on application. Upon receipt of an application for an owner's license the city council shall set a time and place of hearing upon the question as to whether or not such application should be granted, the hearing to be not less than ten days after the council meeting at which the application is first presented. (Prior code S6507).

5.40.045 Contents of applications. The application for such owner's license shall be verified under oath and shall set forth:

(1) A full identification of the applicant and all persons to be directly or indirectly interested in the license, if granted;

(2) The residence and business address and the citizenship of the applicant, including all members of any firm or partnership, or all officers and directors of any corporation applying;

(3) The location of the proposed business for which the license is requested, and the name under which it is to be operated and the present use of such premises, together with satisfactory proof that the premises will be available;

(4) The exact nature of the proposed business for which the license is requested, and the name under which it is to be operated;

(5) The past experience of the applicant in the matter to which the requested license appertains; the name, address and past experience of the person to be in charge of the premises or business;

(6) Whether or not any license has been revoked and, if so, the circumstances of such revocation;

(7) The number of vehicles proposed to be operated; a complete description of the same including the distinguishing color thereof, the manufacturer's name, and a sworn statement of the proprietor of a public garage engaged in the repair of automobiles, that each taxicab proposed to be operated is in a safe operating condition;

(8) A complete description of the proposed operations;

(9) A statement from a responsible, solvent corporation authorized to issue public liability and property damage insurance in the State of California, that in the event the application is granted that it will issue a policy of insurance to the applicant in the manner and form required by this chapter;

(10) An agreement that in the event the application is granted, the applicant will keep in operation not less than one of the number of taxicabs, for which a license has been granted each day from midnight to six a.m.; not less than one of the number of taxicabs for which a license has been granted each day from six a.m. to eight p.m. and not less than one of the number of taxicabs for which a license has been granted each day from eight p.m. to midnight;

(11) Evidence of every material statement in application of ability of applicant to meet the provisions of this chapter, together with such further information as the city council, or such other official of the city to whom the application may be referred, may require.

(12) A statement that no taxicab shall be kept garaged, serviced, maintained or repaired on any premises where the zoning regulations of the city does not permit the same;

(13) A statement that the applicant is the registered owner of each vehicle, and

Accompanying each application shall be the license fee provided for in Section 5.40.030. (Prior code S6508).

5.40.050 Grounds for denial and revocation. In addition to the grounds set forth governing the issuance of licenses upon which an application for an owner's license may be denied, the city council shall deny the same if it appears to its satisfaction that such vehicle proposed to be operated is inadequate or unsafe; that the applicant has been convicted of a felony or violation of any narcotic law or of any penal law involving moral turpitude; that the name under which applicant will do business, or applicant's proposed color scheme, or other insignia, will tend to confuse the identification of the taxicabs proposed to be operated by such applicant with those of another owner operating in the city.

Further, the city council may deny the granting of any license to operate any public motor vehicle in the city for the reason that the public convenience or necessity does not require such additional taxicab operations, or for any other reasonable cause which, within its sound discretion, renders the proposed operations undesirable to the city, or inadequate.

The city council may revoke any owner's license for a violation of any of the provisions of this chapter or any regulations, relating to traffic or use of streets, or for a failure to pay any judgment for damages arising from the unlawful or negligent operation of the public motor vehicle for which the license was issued; provided, however, that no such license shall be revoked, except after notice to the owner to show cause why it should not be revoked at a hearing before the council. The notice shall be in writing and state the reason for revocation, and the time and place of hearing. Not less than ten days shall be given for such hearing. (Prior code S6509).

5.40.055 Evidence of mechanical condition. Following the issuance of each owner's license, each owner shall furnish to the chief of police, or such other person who may hereafter be designated at any time upon his request therefor, and at least once a year on or before the first day of July following each year during which he has been licensed to operate a taxicab in the city, a statement of the proprietor of a public garage engaged in the business of repairing automobiles, as to each taxicab operating, in that it is in a safe operating condition. Such statement shall also designate each and all taxicabs included under such licenses which shall, at the date of the statement, be in a non-operating condition for any reason whatsoever, designating such taxicab or taxicabs by Vin. (Vehicle Identification Number) number, California license number and taxicab number. No such taxicab shall be returned to service until the owner thereof has furnished to the chief of police, or such other person who may be hereafter designated, a sworn statement of the proprietor of the garage that such cab is in a safe operating condition. It is unlawful for any owner to operate or cause to or permit to be operated any taxicab designated in the license issued to him under this chapter when it is not in a safe operating condition, or to cause or permit a driver to operate a taxicab in any manner contrary to the provisions of this chapter, and the chief of police, or such other person who may be hereafter designated, shall have the power to revoke or suspend an owner's license in the event that he is found guilty of a violation hereof, or of any other provision of this chapter.

Every taxicab licensed under this chapter shall at all times have the following equipment, unless otherwise waived for good reason shown, by the chief of police, or such other person who may be hereafter designated:

(1) A spare tire, capable of being used on any of the wheels of the vehicle;

(2) A set of tools for changing tires;

(3) In addition to the foregoing equipment it is mandatory that taxicabs have the following:

(a) A light within the passenger compartment, capable of being lighted or extinguished by the passenger.

(B) Two independently acting and entirely disconnected braking systems, either one of which will be capable of stopping the vehicle without load at a distance of thirty-seven feet when operating on a level, dry, asphalt street at a speed of twenty miles per hour.

(C) All glass in windshield, windows and doors shall be of safety or shatterproof glass. (Prior code S6510).

5.40.060 Identification — Painting and lettering taxicabs. Every person, firm, association, or corporation owning and operating a taxicab or taxicabs under license from the city shall have the following identification painted on the exterior thereof:

(1) A serial body number, assigned by the chief of police, or such other person who may be hereafter designated, to each taxicab and painted on each side and on the rear of the taxicab;

(2) The name of the owner, or the trade name under which he or it does business, painted on each side and on the rear of the taxicab. Whenever the name of the owner or trade name, under which he or it does business, does not include any one of the words, "taxicab", or "cab", then the word "taxicab" shall be painted on each side of the taxicab immediately beneath said name or trade name.

All mandatory lettering and wording, whether in a particular trade name, design, color scheme, method of painting or lettering or otherwise, as hereinbefore provided, shall be at least four inches in height, and shall be of such color as in the opinion of the chief of police, or such other person who may be hereafter designated, will contrast distinctly with the color of the body of the taxicab. Provided, further, that the serial body numbers on sides and rear shall be no less than four inches in height.

Whenever the word "Painted" is used in this chapter, it means the application of coloring matter in oil solution, not in water solution. (Prior code S6511).

5.40.065 Application for additional vehicles. Any owner holding a license to operate one or more taxicabs as provided in this chapter, who desires to add to the number of such taxicabs shall do so only upon obtaining from the city council a license therefore, which shall be granted only upon application made in the same manner and under the same proceedings as are required in this chapter in the instance of obtaining the original license. Any owner holding a license to operate one or more taxicabs as provided in this chapter, who desires to substitute a different taxicab for a taxicab operated under such license, shall do so only opon obtaining from the chief of police, or such other person who may be hereafter designated permission therefor, which shall be granted only upon written application (in duplicate) setting forth the particulars of such proposed substitution and upon otherwise complying with the requirements of this chapter. The city council shall have the same authority in granting or denying applications for permission to add taxicabs as is hereinbefore in this chapter vested in it in the matter of original applications. (Prior code S6512).

5.40.070 Liability Insurance. It is unlawful for any owner to drive or operate, or cause or permit to be driven or operated, any taxicab in the city, unless such owner shall have placed on file with the chief of police, or such other person who may be hereafter designated, a written certificate of insurance of a responsible and solvent corporation authorized to issue such policy under the laws of the state of California, that it has issued to or for the benefit of the owner a taxicab liability insurance policy or policies which, at the date of the certificate or certificates, are in full force and effect, and designating therein that any and all taxicabs which may be driven or operated under any license granted to such owner under provisions of this chapter, are, or will be, covered under the policy or policies. (Prior code S6513).

5.40.075 Provisions of policy. The taxicab liability policy required under the provisions of Section 5.40.070 shall insure the owner, as defined in this chapter, and any other person using or responsible for the use of any such taxicab, with the consent, express or implied, of such owner, against loss from the liability imposed upon such owner by law for injury, to, or death of, any person or damage to property of any person, or damage to property growing out of the maintenance, operation or ownership of any taxicab, to the amount or limit of $100,000 exclusive of interest and costs, on account of injury to, or death of, any one person, or $200,000, exclusive of interest and costs, or account of any one accident, resulting in injury to or death of more than one person, and of $50,000, for damage to property of others resulting from any one accident.

The taxicab liability policy shall insure to the benefit of any and all persons suffering loss or damage either to person or property, as herein provided, and the liability o the insurance carrier shall be in no manner abrogated or abated by the death of the tort feasor and-or the owner. (Prior code S6514).

5.40.080 Noncancellation clause. Every certificate required under the provisions of this chapter shall certify that the taxicab liability policy or policies therein cited shall not be cancelled except upon ten days prior written notice thereof to the chief of police, or such other person who may be hereafter designated. The taxicab liability insurance shall be a continuing liability up to the full amount thereof, notwithstanding any recovery thereon, and said certificate thereof shall so certify. All taxicab liability policies and all certificates thereof shall be subject to the approval of the city attorney and the chief of police, or such other person who may be hereafter designated, in any and all matters and if at any time, in the judgment of the chief of police, or such other person who may be hereafter designated, or the city attorney, or both, the taxicab liability policies are not sufficient for any cause, the city attorney or chief of police, or such other person who may be hereafter designated, may require the owner of such taxicab who filed the same to replace the taxicab policies within ten days with the other policies, in accordance with the provisions of this chapter. If the owner fails to replace the taxicab policies within the ten day period with good and sufficient policies, as aforesaid, then at the termination of the period the owner's license issued under this chapter shall be by such failure automatically suspended until such time as the requirement is complied with, and the chief of police, or such other person who may be hereafter designated, shall enforce such suspension. (Prior code S6515).

5.40.085 Bond in lieu of liability policy. Subject to the approval of the city attorney and the chief of police, or such other person who may be hereafter designated, the owner of any taxicab or taxicabs operated under the provisions of this chapter may file a bond of a responsible and solvent corporation authorized to issue such bonds under the laws of the state of California, containing the conditions and giving the protection required in the taxicab liability policy required by Sections 5.40.045, 5.40.070 and 5.40.075, in lieu of either all or any part of the insurance coverage required by said sections.

In the event of the filing of a bond under the provisions of this section, the applicable provisions of Sections 5.40.045, 5.40.070 and 5.40.075, shall govern the furnishing of the bond and the owner filing it. (Prior code S6516).

5.40.095 Distinctive Caps and Badges. All drivers employed by any given owner while on duty shall wear a distinctive cap and a badge bearing the driver's name. Only such caps and badges shall be worn as have been approved by the chief of police, or such other person who may be hereafter designated, for use of drivers employed by a particular owner. Badges shall be worn in a conspicuous position.

Each owner shall keep and maintain at all times a complete and accurate record of all drivers employed by him, which record shall show in detail the names and addresses and said drivers, and taxicab or taxicabs driven by each driver and the dates of the beginning and termination of employment of the hours during which each such driver was on duty during each day or night of his employment, as well as a list of all days or nights on which such employee was absent from his employment. Such records shall be displayed to the police department at any time upon demand, and shall not be destroyed without permission of the chief of police or such other person who may be hereafter designated.

5.40.110 Soliciting passengers. No driver of any taxicab, or agent or the owner or operator thereof, shall solicit passengers except from a taxicab stand or while standing immediately adjacent thereto on the curb side thereof.

5.40.115 Direct route. Any driver employed to carry passenger or passengers to a definite point shall take the most direct route possible that will carry the passenger or passengers safely and expeditiously to the destination. (Prior code S6522).

5.40.120 Taxicab stands. Stands for taxicabs and vehicles for hire shall be maintained and occupied only in the locations and in the manner recommended by the city traffic engineer, and approved by the city council. (Prior code S6523).

5.40.125 Passengers — Full use of taxicabs. When a taxicab is engaged by a person or persons, the occupant or occupants shall have the exclusive right to the full and free use of the passenger compartment from the time of engaging such taxicab until the occupant or occupants are delivered to the designated destination, and no owner or driver of said taxicab shall solicit to carry, or cause or permit to be solicited or carried, additional passengers therein, without the express consent of the original occupant or occupants. A notice to this effect in form and size satisfactory to the chief of police, or such other person who may be designated, shall be posted in a conspicuous place in the passenger's compartment of each taxicab. (Prior code S6524).

5.40.130 Taxicab compartments. All taxicabs for which a license is issued shall provide a separate compartment for the driver, separated from the passenger compartment, and shall provide for carrying of baggage in the front section to the right of the driver. This provision shall not apply to renewals of licenses for taxicabs now in service.

No owner or driver shall permit any passenger or other person to occupy or ride in the front seat, or in the driver's compartment, while the taxicab is in motion, provided, however, that the provision shall not apply to a passenger who, for physical reasons, can ride with greater comfort in the front seat. (Prior code S6525).

5.40.135 Refusal to pay fare. It is unlawful for any person to refuse to pay the legal fare of any of the vehicles mentioned in this chapter after having hired the same, and it is unlawful for any person to hire any vehicle defined in this chapter with intent to defraud the persons from whom it is hired of the value of such services. (Prior code S6526).

5.40.140 Receipt. Upon payment of a fare it shall be the duty of the taxicab driver to give the passenger a receipt for the fare so paid upon request.

5.40.145 Refusal of service. (a) It is unlawful for the owner or driver of any taxicab licensed under authority of this code to fail or refuse or to permit any employee to fail or refuse, when in service and not otherwise engaged for hire, to transport to his announced destination within the city, at rates authorized in this chapter, any person who presents himself for carriage in a sober and orderly manner and for a lawful purpose.

The chief of police, or such other person who may be hereafter designated, may either suspend or revoke a driver's license for any violation of this section.

(b) Any charges made, or sought to be made, any patron of any taxicab in excess of the charge authorized by this chapter for the particular type of services rendered or sought, when shown either by confession of the party, or competent testimony, or failure on the part of any driver or operator of any taxicab to make proper returns to his employer, shall result in immediate suspension of the license of such driver until such time as, after due process, such license is either reinstated or revoked.

Either the person or, the employer of a person, responsible for any overcharge shall be required to make restitution to any defrauded patron for the amount of such overcharge. (Prior code S6528).

PASSED AND ADOPTED this 25th day of July, 1977, by the following roll call vote:

AYES: Councilmen: Doetsch, Hammer, Paul, Podgorsek
NOES: Councilmen: None
ABSENT: Councilmen: Chamberlin
APPROVED:

ORDINANCE NO. 1097

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL ADOPTING PLANS, ELEVATIONS, AND DEVELOPMENT SCHEDULE FOR THE PLANNED DEVELOPMENT ZONE ESTABLISHED BY ORDINANCE OF THE CITY OF CAMPBELL.

(Application of Mr. Vito F. Adragna and the Acme Vending Company).

The City Council of the City of Campbell does ordain as follows:

SECTION ONE: That the Zoning Map of the City of Campbell is hereby changed and amended by adopting the attached "Exhibit A" entitled "Plans and Elevations," "Exhibit B" entitled "Development Schedule", and "Exhibit C" entitled "Map of said Property," as per the application of Mr. Vito F. Adragna and the Acme Vending Company, for approval of plans, elevations, and development schedule to allow construction of two two-story mini-warehouse structure on property known as 61 Dillon Avenue in a Planned Development Zoning District. Copies of said exhibits are on file in the office of the Planning Department.

Said approval subject to the following conditions:

A. Revised parking and landscape areas to be provided as indicated in "red" on plans.

B. Property to be fenced and landscaped as indicated and as added in "red" on plans.

C. Landscape plan indicating type of plant material, location of hose bibs, or sprinkler system and type of fencing to be submitted for approval of the Planning Director at time of application of building permit. Plan to reflect a minimum of ten feet oflandscaping along Dillon Avenue.

D. Landscaping shall be maintained in accordance with the approved landscape plan.

E. Faithful performance bond in the amount $5,000 to be posted to insure landscaping, fencing and striping of parking area within three (3) months of completion of construction, or applicant may file written agreement to complete landscaping, fencing and striping of parking area prior to final Building Department clearance.

F. Applicant to provide agreement, satisfactory to the City Attorney, that the building will be used for warehouse purposes only.

G. All mechanical equipment located on roofs shall be screened as approved by the Planning Director.

H. There shall be no telephones or office type of equipment used in any of the rooms or bays.

I. All parking and driveway areas to be developed in compliance with Section 21.50 of the Campbell Municipal Code. All parking spaces to be provided with appropriate concrete curbs or bumper guards.

J. Underground utilities to be provided as required by Section 20.16.070 of the Campbell Municipal Code.

K. Plans submitted to the Building Department for plan check shall indicate clearly the location of all connections for underground utilities, including water, sewer, electric, telephone and television cables, etc.

L. Sign application to be submitted in accordance with provisions of the sign ordinance for all signs. No sign to be installed until application is approved and permit issued by the Building Department.

M. Ordinance No 782 of the Campbell Municipal Code stipulates that any contract for the collection and disposal of refuse, garbage, wet garbage, and rubbish produced within the limits of the City of Campbell shall be made with Green Valley Disposal Company. This requirements applies to all single family dwellings, multiple apartment units, to all commercial, business, industrial, manufacturing and construction establishments.

N. Trash container(s) of a size and quantity necessary to serve the development shall be located in areas(s) approved by the Fire Department. Unless otherwise noted, enclosure(s) shall consist of a concrete floor surrounded by a solid wall or fence and have self-closing doors of a size specified by the Fire Department. All enclosures to be constructed at grade level.

O. Applicant shall meet State requirements for the handicapped.

PUBLIC WORKS DEPARTMENT

P. File a parcel map to combine the three lots.

Q. Dedicate the land to widen Dillon Avenue to 30 feet from centerline.

R. Pay storm drainage area fee of $227.74.

S. Execute an agreement to improve Dillon Avenue and post the necessary bonds.

T. Obtain an excavation permit for any work in the street right-of-way.

FIRE DEPARTMENT

U. Provide an automatic fire extinguishing system on second floor of each building.

V. Locate trash enclosure on plans.

W. Provide "2A-10BC" fire extinguishers.

The applicant is notified that he shall comply with all applicable Codes or Ordinances of the City of Campbell which pertain to this development and are not herein specified.

PASSED AND ADOPTED this 25th day of July, 1977, by the following roll call vote:

North-South confrontation

Third county all-star football game Thursday

THERE ARE SEVERAL sports associated with summer months — baseball, softball, tennis and swimming just to name a few.

Few, however, ever associate the hot humid days of summer with the sport of football.

But for those football aficionados who can't get enough of that sport, there is a special treat in store for them Thursday night at Spartan Stadium.

That night the top graduated high school seniors in the Santa Clara Valley will get together to play the third Santa Clara County All-Star Bowl.

The game will benefit the youth activities of the Police Athletic League and Almaden Rotary.

"It should be a real interesting game," promised Jack Germaine, who shares the head coaching duties of the South along with Santa Teresa high school mentor Chon Gallegos.

Germaine, who has been the head coach at Andrew Hill since the school first opened in 1959, expects the contest to be a high scoring affair.

"Presumably, it should be high scoring game," he noted. "We have to play a controlled defense so that gives an advantage to the offense."

Both squads are committed, by the game's rules, to play a 5-2-4 defense with no stunting.

With the controlled defenses, both teams have the potential on offense to do a lot of scoring.

THE SOUTH SQUAD features a brilliantly balanced offense, boasting major college material at almost every position.

Santa Teresa quarterback Rich Campbell, who is headed to Cal this season, spearheads an awesome backfield.

Joining Campbell at the runningback spots are Yerba Buena graduates Kyle Stevens (Washington) and Mark Chapman (San Jose State), and Bellarmine grad Marc Rebboah (undecided).

Stevens and Rebboah were both 1,000 yard rushers during the junior and senior seasons of their high school careers. Stevens, in fact, rushed for over 2,000 yards last year.

While running figures to a strong point of South's attack, the North will still have to be very wary of the South's passing game.

"I've always been a firm believer in a balanced offense," said Germaine.

And with Campbell at the South's helm, that's exactly what the South will have.

Campbell, who completed better than 60 per cent of his passes as a varsity quarterback in high school, will have the likes of wide receivers Ramon Johnson of Camden and Bruce Travasso of Lincoln to throw to, in addition to tight ends Bill Maxey and Brian Bowen, both of Lick.

And when Campbell isn't flinging passes for the South, Branham's Bill Tantillo will be.

"TANTILLO'S BEEN a surprise," admitted Germaine. "He can really throw the ball well."

Germaine hinted that the south's starting offensive line-up would have Campbell at quarterback, Stevens and Rebboah at runningbacks, Travasso at flankerback, Johnson at wide receiver, Maxey at tight end, Larry Bonsall of Branham at center, Pete Angelidakis of Del Mar and Jim Sorrentino of Branham at tackles and Dan Fahrner of Bellarmine and Mike Profit of Santa Teresa at guards.

The North's offensive should revolve around its passing game. Saratoga quarterback Mike Heinrich, who is headed for Brigham Young University, will be throwing to the likes of Westmont graudate Rocky Pena, Barry Heaslet of Awalt and Bob Duran of Peterson.

The North also has a flock of strong runners in Westmont's Eric Stark, Mitty's Alex Koontz, Palo Alto's Stuart Pederson, Cupertino's Rick Napolitan and Campbell's Dave Burns.

While the offenses could wind up dominating the action of Thursday night's game, there will still be several defensive standouts to keep an eye on.

The South will be led by Leland's Pat Graham, who is headed for Cal. Graham was suffering from a case of strep throat last week but was expected to be in the starting line-up.

Joining Graham on the front line will more than likely be Silver Creek's Ray Gonzales, Leigh's Steve McGarry, Bellarmine's Mike Kerrigan and Willow Glen's Mitch Bigger.

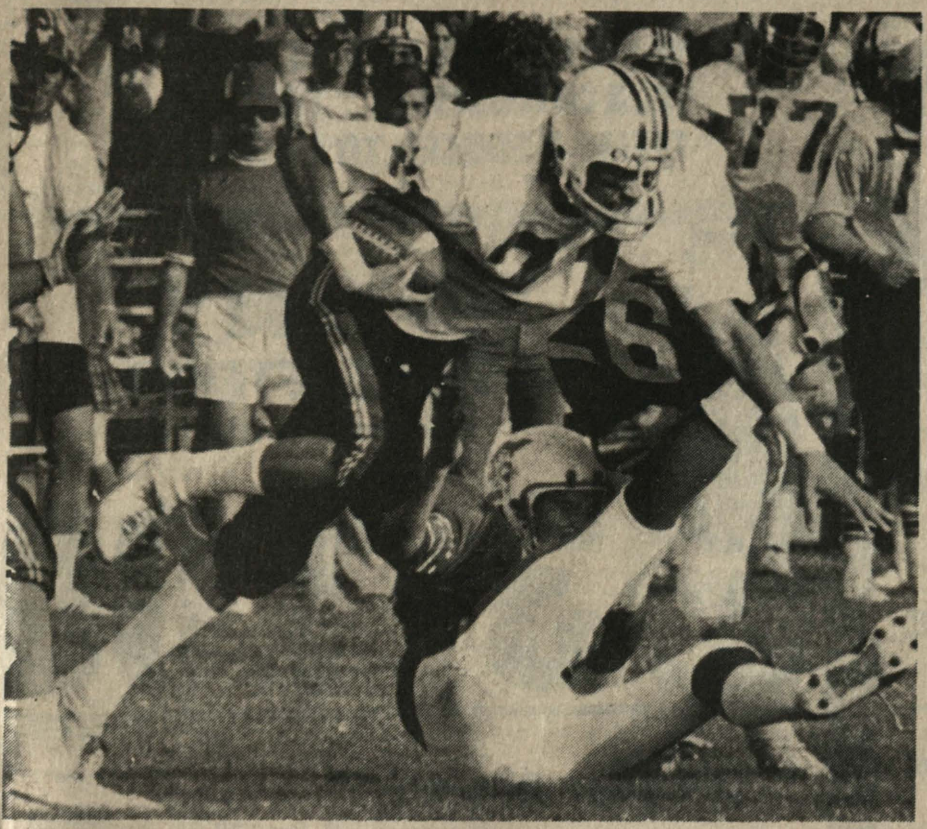
Hill's Gene Gurich and Leland's Dave Ramona will probably start at linebackers with Leland's Mike Mainini, Live Oak's Joe Cuneo, Oak Grove's John Lulis and Lick's Bowen in the secondary.

Spearheading the North's defense will be Los Gatos' John Breidenthal, Campbell's Kevin Smith and Burns, Los Altos' Ray Franklin, Blackford's Sean O'Carroll and Saratoga's Travis McNulty.

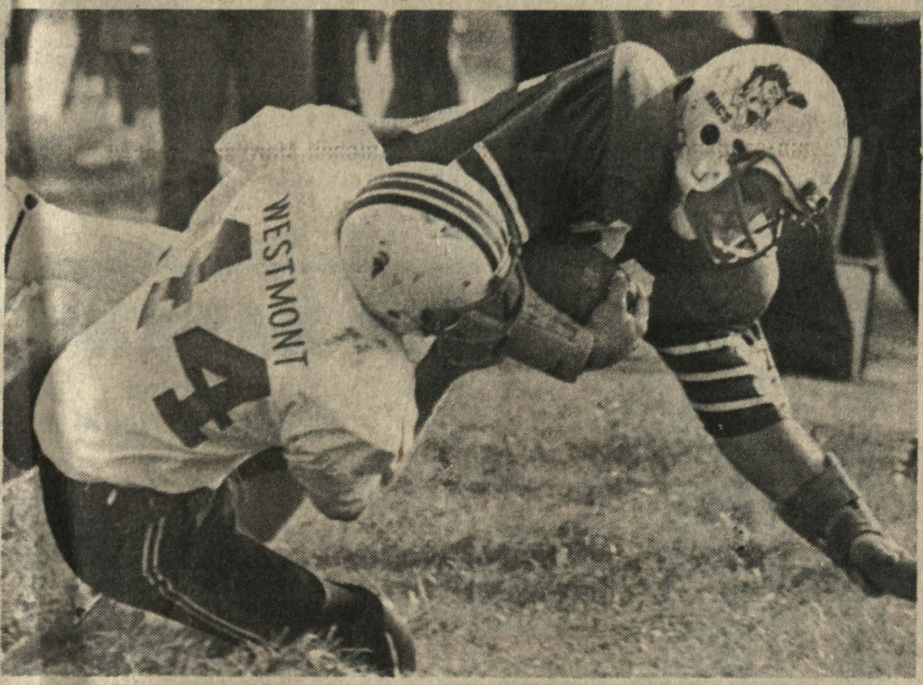
Pre-game activities start at 6 p.m. Thursday with game action set to begin at 8 p.m. All tickets are $2.50, with children under five being admitted free.

For further information call 277-4PAL.

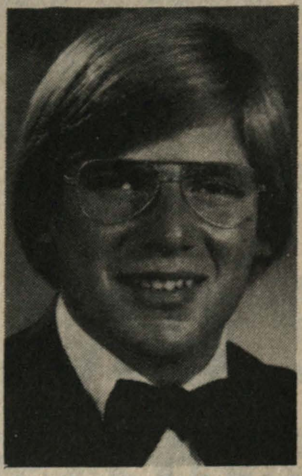
sports



SCORING THREAT — Westmont's Rocky Pena, a threat to score every time he gets the ball, will be one of the North's main targets Thursday evening when they go to the air at Spartan Stadium.



HARD RUNNER — Hard running Dave Burns, a graduate of Campbell high school, will be playing for the North All-Stars Thursday at Spartan Stadium.



BUC BRUISER — Campbell Buccaneer graduate Kevin Smith, a bruising lineman, will be in the line-up Thursday night for the North All-Stars.

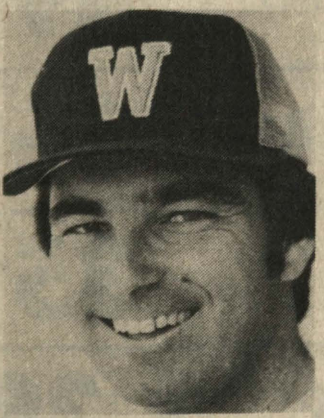
Meet the Sunbirds at Fidelity

MEMBERS OF THE Women's Professional Softball League San Jose Sunbirds will be on hand on Wednesday at the Almaden branch of Fidelity Savings so fans can "Meet the Sunbirds."

Members of the Sunbirds will conduct a clinic in the parking lot near the Fidelity Savings branch at the corner of Blossom Hill road and the Almaden expressway.

General manager John Bruno, coach Mike Costanzo and players Rayona Sharpnack, Rhonda Ebersole and Karen Ambler will be on hand for the clinic, which will run from 2 p.m. to 4 p.m.

Tickets will be given away at the clinic and there will be a grand prize drawing.



SUNBIRD COACH — San Jose Sunbird coach Mike Costanzo will appear at "Meet the Sunbirds" clinic Wednesday at the Almaden branch of Fidelity Savings.

Reyes guns for 5th derby win at Fair

JOE REYES, the only four-time winner in the 16 year series of destruction derbies at the Santa Clara County Fair, will bid for a fifth victory in this year's competition on Sunday afternoon, Aug. 21, at the Fairgrounds in San Jose.

Reyes, a veteran of racing and crash derbies, won in 1968, 1969 and 1970 when the action was for four-man teams, and won again in 1974, second year of individual driver competition.

More than 40 cars and drivers are entered already to seek a share of the $1,200 prize money and officials estimate the total will pass last year's entry of 138.

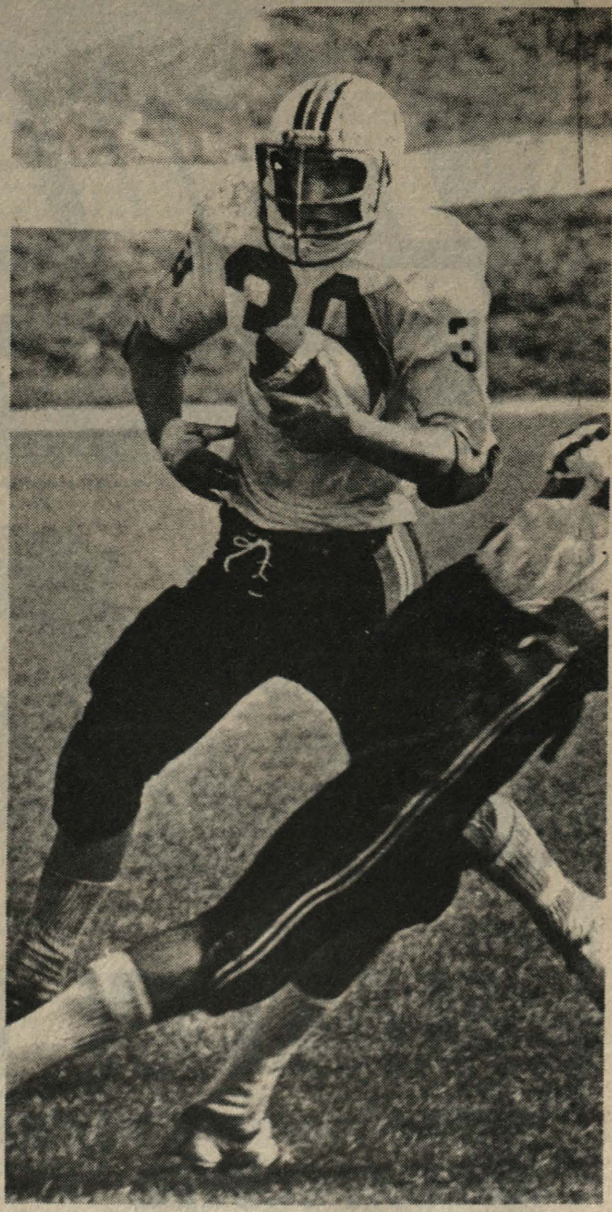
Last year's winner Ralph Joseph and runnerup Frank Bonacich have not yet filed entry applications. Prospective drivers may get rules and entry forms at the Fair offices, 344 Tully road in San Jose, or at the NASCAR Office, 14 Camp Evers Lane, Scotts Valley. The fee of $4 covers entry and insurance. The price for spectators is $3 for adults and $1 for children.

New entries announced this week are David W. Tevis, Roger Hopkins, Jim Blackwell, Mike Mounts, Ruben Gonzales Jr., Ronald Kavanaugh, Donald Machin, Benny Tamez, Felix DeLeon Jr., Guy Juarez Jr., Raymond Tevis Jr., Frank Lazzarino, Wayne A. Beede, Larry Bodle, Dominic Carucci and Michael Neve of San Jose.

Baseball highlights

"THIS WEEK in Baseball," a show of Major League baseball highlights, can be seen each Sunday in the Bay Area on KPIX channel 5 beginning at 12:30 p.m., unless preempted by a network sports telecast.

Former Yankee broadcaster Mel Allen narrates the weekly show.



NORTH STAR — Westmont graduate Eric Stark will be toting the ball for the North All-Stars Thursday night when they battle the South in the third County All-Star football game.

Red Line overcomes HR's to top 'Stars

CAMPBELL-Moreland Pony League's annual Invitational Tournament of Champions resumes tonight at 5:30 p.m. at Morgan Park with the Straw Hat Pizza Tigers, 1977 C-M Pony champions, taking on the title winners from Santa Clara City League.

Results of Tuesday's opener between the Santa Clara Mission-Santa Teresa National winner were not available at press time.

Tuesday's survivor, however, will meet the Santa Teresa American Champs Thursday at 5:30 p.m. Santa Cruz, the sixth team in the tournament, will meet tonight's winner Friday night at the same time (Santa Teresa American and Santa Cruz drew opening round byes).

Two games are scheduled on both Saturday and Sunday — one at 10 a.m. and the other at 1 p.m. The tourney will continue Monday with the championship game scheduled Tuesday night (although another game may be played Wednesday, depending on Tuesday's outcome).

Trophies will be awarded to the first and second place teams in the tournament.

Moreland cops district title

By JEFF WAGNER

THE MORELAND BOBBY SOX major division All-Stars defeated host Campbell 7-1 to capture the district championship recently.

Vicki Herron hurled the win for the Moreland All-Stars, who will go to Buena Park on August 20 to play in the Nationals.

The same two teams faced each other in the opening round of play. In a pitcher's duel, a total of six hits were belted by both teams.

Herron and Cathy Bertron, Campbell's pitcher, are the team's best at that position. Herron, with her sizzling fast ball, struckout nine while giving up only two hits in leading Moreland to a 2-0 win. Bertron struck out 10 and gave up only four hits.

Other opening round games had Almaden, who finished in third place, defeat Milpitas 3-1. Blossom Ridge shut-out West Mt. View 12-0, while S. Palo Alto edged Salinas Salad Bowl 6-5.

ROUND TWO HAD Campbell and Moreland winning big. The host whipped Salinas Salad Bowl 15-1 and Moreland ripped S. Palo Alto 14-1.

Almaden edged Blossom Ridge 6-2 and West Mt. View beat Milpitas 10-8 in other second round play.

Round three had Moreland advance to the finals by defeating Almaden 13-1. Almaden stayed close until a six-run third inning by Moreland spelled doom.

Campbell creamed West Mt. View 12-1 to advance to the semi-finals. Shortstop Gail Patron missed two homers by a matter of feet. Campbell's number three pitcher, Shelley Wood, threw a fine game.

The only other third round game had Blossom Ridge eliminate S. Palo Alto 3-0.

In round four, Campbell faced Blossom Ridge, with the winner to play Almaden the same night.

BERTRON, WHO pitched the first game, led her team to a 5-2 win. Key hits were made by shortstop Patron, first sacker Shelley Wedel and catcher Robin Pogue.

Patron and Bertron again led Campbell to a win, 11-4 over Almaden. Patron pitched superbly, while Bertron went four for four, clouting a triple, two doubles and a single.

The stage was set for a Campbell-Moreland showdown. Campbell would have to win twice to dethrone Moreland.

In game one, Moreland struck first with a run in the second.

CAMPBELL FOUGHT back when Patron belted a two run bases loaded single, scoring two runs. Campbell added another run the following inning, which was the last run scored until the seventh, when a comeback attempt by Moreland fell short. Campbell beat Moreland 3-2, the first time in four years that Moreland had been beaten in tournament play.

Whiff 27 opponents

Campbell hurlers take matters into own hands

IT'S NOT that the Campbell pitchers didn't have confidence in the All-Star defense that surrounded them during District 44 'star play — it's just that they would rather take care of things themselves!

And that care of things they did. Tom Gricius and Thomas Silvas combined for 27 strike-outs last week to account for nearly all of the 36 outs needed for Campbell to win the semi-final and championship games of the District 44 all-star tournament!

The two pitchers and their All-Star teammates "took care" of Santa Clara El Camino and Cupertino National in the last two games of the District Tourney to win another 44 crown.

Silvas tossed a two-hitter, striking out 14 and walking just one, to help Campbell post an easy 7-0 shut-out win over Santa Clara in the semi-final game last Thursday.

And, not to be outdone, Gricius came back just a few days later to fling another two-hitter, whiffing 13 and walking just one, to pace Campbell to a 4-1 triumph over Cupertino in the championship game.

Campbell defended its District 44 championship and now will take the field to attempt to defend its Section crown this week.

CAMPBELL WILL host the Section tournament that it won last year. Games were to begin on Monday and run nightly through Friday. The championship game is set for 3 p.m. on Saturday at the Campbell Little League field.

Games will be played each evening at 5:30 p.m. with Campbell slated to meet District 59 champ Oak Grove on Wednesday. Silvas will take the mound for Campbell.

Friday there will be a double-header with a game at 2:30 p.m. and another at 5:30 p.m., the winners advancing to the Saturday finale.

Gricius was touched for just two singles in tossing Campbell to the victory in the District 44 title game. His mates supported him with an eight hit attack.

Jerry Zaro led the Campbell offensive show with a two for three day. He knocked in a run and scored another.

Campbell rallied for two runs in the last of the fourth. David Bryant walked and stole second. Tim Bottomly bunted him to third and he scored when Zaro reached on an error. Chris Gettler singled Zaro to second and Silvas singled him home for what proved the game winning run.

Campbell added two insurance runs in the fifth. Gricius helped his own cause with a single and Bryant beat out an infield hit. Bottomly singled to load the bases and Zaro singled in a run. Gettler walked to force in the second run of the frame and the fourth of the game.

BOTTOMLY was two for two and Bryant was two for three to help Silvas pick up the mound win in the semi-finals.

Silvas, who struck out the side in the first, second and fourth innings, was staked to a 4-0 lead in the second inning.

West Valley Bobby Soxers fail to recapute crown

By JEFF WAGNER

THE WEST VALLEY Bobby Sox major division All-Stars were unable to repeat their championship performance of a year ago in the recent district tournament in Sunnyvale.

The defending tourney champs instead settled for a respectable third place finish.

In the opening round, West Valley lost to second place Cupertino 3-2. The game was tied until the final inning. Pitcher Lisa Bertaccini of West Valley allowed five hits while striking out eight batters.

West Valley then beat De Anza 5-2 in round two. Carrie Vaianisi allowed only three hits. Key hits were ripped by Vaianisi, Bertaccini, Sandra Lavin, Mary Sheehan and Mary Lynn Pedone.

Round three presented a thriller. West Valley and Foothill went nine innings (Bobby Sox games are seven innings) until West Valley came out on top 3-2. Bertaccini went the distance allowing just four hits. She struck out nine batters.

Foothill took the lead in the top of the ninth, but West Valley came back to score two, highlighted by the game winning hit by Lavin.

In round four, West Valley had to win twice to reach the finals. The first game saw the West Valley beat Branham Hills 8-3. Vaianisi had six strikeouts and went three for five at bat.

The second game, however, ended differently. West Valley ran into a tough Blossom Valley team. Despite taking an early 2-0 lead, West Valley was unable to maintain its lead as Blossom Valley scored once in the fourth and three in the seventh to upend the local softball team 4-2.

Other games at the tournament saw Blue Hills beat De Anza 5-1, Branham Hills edge Foothill 3-2 and Blossom Valley whip host Ponderosa 15-2 in round one.

Round two had Foothill shut-out Ponderosa 7-0, Cupertino upended Blue Hills 10-4 and Blossom Valley beat Branham Hills 9-2.

In round three, Branham Hills lost to Blue Hills 6-2 while Cupertino upset favorite Blossom Valley 7-5. These two teams met in the finals.

Game one had Blossom Valley edge Cupertino 3-2, to even up the series.

The deciding game had tough Blossom Valley shut-out Cupertino 10-0 to win the tournament and take two straight from the previously undefeated Cupertino.

Blossom Valley will go down to Buena Park and play in the Nationals.

sports

Pony TOC resumes

Despite hitting four home runs, a team of All-Stars from the Campbell Men's Slow Pitch softball league were unable to defeat the loop champion, Red Line.

Red Line, unbeaten champs of the first and second halves in the Campbell League, pulled out a 13-11 triumph.

Fred Gamer tossed the win, scattering 14 hits and two walks while striking out one. Barry Freeman of Cardiff Affair, took the loss.

Randy Davis sparked Red Line's 14-hit attack with a home run while Jim Lafranchise and Keith Powell both added doubles.

Art Honesto, of Baver Concrete, led the losers at the plate with a pair of home runs. Jerry Davis (Snowden & Pencer) and Keith Zawalski (Clowns) also homered for the All-Stars.

Joe McGuire (Cardiff Affair) belted a triple while Michael Hampton (Baver Concrete), Harold Patlon (Clowns) and Jim Wolfe (Baver Concrete) all chipped in with doubles.

C-M Pony All-Stars run into Sectional troubles

THEY HAD NO trouble winning the District 4 Pony championship the previous weekend — but the Campbell-Moreland Pony League All-Stars ran into nothing but trouble in the first round of the Sectionals at Santa Clara last Wednesday.

The result — an embarrassing 14-2 loss at the hands of Los Gatos and the prospect of fighting their way back through the tourney's consolation bracket.

After Los Gatos grabbed a 1-0 advantage in the first with the help of the first of eight C-M errors, the losers deadlocked the contest in the third. Wade Allison walked, stole second and cruised home on a single by Art Gonzales.

But Los Gatos sent 14 men to the plate during the fourth, and nine of them scored. Eight of the tallies were unearned, as the C-M defense contributed three miscues to the carnage.

The locals got their other run in the sixth on singles by Harold Sutherland and Mark Paquin sandwiched around a wild pitch.

C-M faced San Francisco, a 4-1 loser to Santa Clara, in a fight for survival in the double elimination tourney last Thursday. The title game was played last Sunday and the winner competes in the divisionals at Pinole this week.

Through four All-Star contest, Gonzales paced the club with five hits. In top individual efforts during the District 4 tourney, Allison pounded a home run and Ruben Artery swiped four bases in one game.

Meanwhile, the C-M Colt All-Star team's valiant bid for District 4 honors came up short July 24 when Santa Clara chalked up a 7-0 win in the championship showdown.

C-M, a 5-0 loser to SC three days before, forced the decided by repelling the champions 6-4 earlier in the day.

Tim Mooney, guttily laboring on one day of rest, stifled the potent Santa Clara bats and singled in the two decisive runs in the sixth.

The previous night, C-M earned its shot at Santa Clara by turning back San Francisco 8-4 behind Keith O'Day's solid relief pitching.

Campbell-Moreland picked up four wins in six outings during the tourney — a strong showing for a team with nine 15-year-olds on the 15-man roster (the Colt division is for 15 and 16-year-olds) and with a badly decimated pitching staff.

Baseball season still in full swing for Shamrocks

FOR THE Campbell Shamrocks, the baseball season is still in full swing.

This independent team of 13-year-old boys, all members of the Campbell-Moreland Pony League, are in the midst of a whirlwind 25-game post-season schedule.

Of the 25 games, 20 have been scheduled against other Pony League teams — some were all-star teams and others are teams of exclusively 13-year-olds. The remaining five games were scheduled against girls' softball teams, including an Aug. 15 battle against an adult team at the Quito Little League field.

The Shamrock program, sponsored by Fontanetti's Sporting Goods, was devised two years ago for the purpose of providing a dozen 13-year-olds an opportunity to gain tournament experience since games were scheduled against area Pony all-star teams.

After seven or eight of these games, all within a 10-day stretch, the boys would then replace baseballs with softballs and take on the girls in a five-game series aptly labeled The Battle of the Sexes.

PRESS *sports*

This year's program, however, was dramatically revamped to allow an extended baseball program. The reason: other Pony Leagues jumped on the 13-year-old bandwagon and organized teams of their own. Consequently, home-and home series have been scheduled against teams from Santa Clara, Lafayette, Los Gatos, Soquel and Watsonville.

As for the softball encounters, two have already been played at Municipal Stadium, two at Quito L.L. Field, and another under-the-lights at PAL Stadium on Aug. 13 (earlier the same day the boys play the Santa Clara 13s at Vierra Field in S.C.).

Shamrock players include Mike Walsh, Paul Sargis, Dominic Costantino, Bobby Straight, Steve Clinton, Eric Crawford, John Imhoff, Eddie Rodriguez, John Murphy, Scott Freear, Brett Blackwell and Mike Reilly.

The schedule is :

Thursday, Aug. 11, 5:45 p.m., vs. Los Gatos 13s at Fisher School, Los Gatos; Saturday, Aug. 13, 11 a.m., vs. Santa Clara 13s at Vierra Field, S.C., and also Aug. 13, vs. PAL Redskins at PAL Stadium, 8 p.m.; Sunday, Aug. 14, 11:30 a.m., vs. Watsonville 13s at Morgan Park; Monday, Aug. 15, 6 p.m., vs. Wood-Stock Girls' All-Stars at Quito L.L. Park; Wednesday, Aug. 17, 5:45 p.m., vs. Los Gatos 13s at Fisher School, L.G.; Thursday, Aug. 18, 6 p.m., vs PAL Redskins at Quito; Saturday, Aug. 20, 2 p.m., vs. Santa Clara 13s at Morgan Park (Aug. 20 game will be second half of twin bill . . . first game at 11 a.m., Campbell Upstarts vs. the Misprints, softball).

Back-to-back homers give Giants win

"ALL RIGHT you guys, get off of your cloud! You're only as good as your last performance," barked assistant coach Ted Westberg prior to his 5 p.m. ballgame last Sataurday.

His team, the Del Mar Giants, had recently upset Yerba Buena to claim first place in the recent PAL baseball tournament. The team had been savoring that victory all week.

"Winning that tourney was great, but that's now water under the bridge," he said. "We've got a truckload of hard games in front of us."

The first of the "truckload of hard games" came quickly for the Giants. San Jose, 3-2 losers to Del Mar in tournament action, gave the Giants all they could handle in a game at PAL Stadium. The Giants pulled out a tight 2-1 win.

San Jose hit quickly for a run in the first. But the Giants hit back hard with a pair of solo home runs to clinch the victory.

Mark Intrieri tied the game with a 350 foot shot over the leftfield wall. And John Russo broke the tie with a towering blast to left-center that almost landed on highway 280.

SUN/SUNBIRD
Player of the week

Stacey Shaunce
Campbell Bobby Sox

One player may not make or break a championship team, but it would be hard to convince the Campbell Bobby Sox minor division all-stars of that after the way Stacey Shaunce played for them last week.

Shaunce was the difference in Campbell's district championship game against Foothill on the old West Valley College Field.

Shaunce was the winning pitcher for Campbell in the title game and also helped her own cause at the plate with a double and a single and a pair of runs-batted-in. Her last inning single drove in the run that broke the 2-2 tie and made Campbell a winner.

Shaunce ripped two of Campbell's three hits in the championship game.

Jackie Rucker
PAL-GAL Minor Hotshots

Nailing PAL-GAL player of the week honors is Jackie Rucker of the minor division Hotshots. Rucker's hot bat has helped the Hotshots hold first place in their division.

Rucker's three run triple was the difference for the Hotshots in a 14-11 victory over Superstars II. She knocked in three runs with a home run, double and single in a 15-13 triumph over the Golden Royals and smacked a double and a homer in a 20-7 win over the Road Runners. *

* * *

For being selected the players of the week, Shaunce and Rucker will receive from the Sunbirds one ticket for each remaining regular season home game, a Sunbird t-shirt, a Sunbird pennant and a ball autographed by all of the Sunbird players. The players of the week will be announced at the Sunbird series against Connecticut on August 5-8 and can pick up their prizes at that time. For information call the sports department of this paper at 262-2454.

The players of the week are selected by the sports staff of this paper on the basis of reports published in the Milpitas POST, San Jose SUN's and Campbell PRESS.

Players of the week will be selected each week from the San Jose PAL-GAL league and Milpitas, Moreland, Campbell, West Valley, Blossom Ridge, Almaden, Branham Hills and Blossom Valley Bobby Sox leagues.

ORDINANCE NO. 1098

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL ADOPTING PLANS, ELEVATIONS, AND DEVELOPMENT SCHEDULE FOR THE PLANNED DEVELOPMENTS ZONE ESTABLISHED BY ORDINANCE NO. 983 OF THE CITY OF CAMPBELL.

(Application of Mr. Charles T. Marotta and the MAROTTA CONSTRUCTION COMPANY)

The City Council of the City of Campbell does ordain as follows:

SECTION ONE: That the Zoning Map of the City of Campbell is hereby changed and amended by adopting the attached "Exhibit "A" entitled "Plans and Elevations," "Exhibit B" entitled "Development Schedule," and "Exhibit C" entitled "Map of said property," as per the application of Mr. Charles T. Marotta and the Marotta Construction Company, for approval of plans, elevations, and development schedule to allow construction of an expansion to an existing industrial development on property known as 139 and 145 Dillon Avenue in a Planned Development Zoning District. Copies of said exhibits are on file in the office of the Planning Department.

Said approval subject to the following conditions:

A. Existing tree located near north property line to remain.

B. Property to be fenced and landscaped as indicated and as added in "red" on plans.

C. Landscape plan indicating type of plant material, location of hose bibs or sprinkler system and type of fencing to be submitted for approval of the Planning Director at time of application for building permit.

D. Landscaping shall be maintained in accordance with the approved landscape plan.

E. Faithful performance bond in the amount of $3,000 to be posted to insure landscaping, fencing and striping of parking area within three (3) months of completion of construction, or applicant may file written agreement to complete landscaping, fencing and striping of parking area prior to final building department clearance.

F. Applicant to sign agreement satisfactory to the City Attorney that the property will be used as shown on the site plan.

G. All mechanical equipment located on roofs shall be screened as approved by the Planning Director.

H. All parking and driveway areas to be developed in compliance with Section 21.50 of the Campbell Municipal Code. All parking spaces to be provided with appropriate concrete curbs or bumper guards.

I. Underground utilities to be provided as required by Section 20.16.070 of the Campbell Municipal Code.

J. Plans submitted to the Building Department for plan check shall indicate clearly the location of all connections for underground utilities including water, sewer, electric, telephone and television cables, etc.

K. Sign application to be submitted in accordance with provisions of the sign ordinance for all signs. No sign to be installed until application is approved and permit issued by the Building Department.

L. Ordinance No. 782 of the Campbell Municipal Code stipulates that any contract for the collection and disposal of refuse, garbage, wet garbage, and rubbish produced within the limits of the City of Campbell shall be made with Green Valley Disposal Company. This requirement applies to all single family dwellings, multiple apartment units, to all commercial, business, industrial, manufacturing, and construction establishments.

M. Trash container(s) of a size and quantity necessary to serve the development shall be located in areas(s) approved by the Fire Department. Unless otherwise noted, enclosure(s) shall consist of a concrete floor surrounded by a solid wall or fence and have self-closing doors of a size specified by the Fire Department. All enclosures to be constructed at grade level.

N. Applicant shall meet all State requirements for the handicapped.

PUBLIC WORKS DEPARTMENT

O. Process and file a parcel map to combine two lots.

P Dedicate right-of-way to 30 foot half-street on Dillon Avenue.

Q. Provide copy of Preliminary Title Report.

R. Enter into an agreement and post bond for construction of street improvements on Dillon Avenue not covered by the agreement entered into January 6, 1973 between Charles Thomas Marotta, et ux, and the City of Campbell, and agree to sign a petition to form an assessment distriict to improve Dillon and Central Avenues.

S. Obtain an excavation permit for any work in the public right-of-way.

The applicant is notified that he shall comply with all applicable Codes or Ordinances of the City of Campbell which pertain to this development and are not herein specified.

PASSED AND ADOPTED this 25th day of July, 1977, by the following roll call vote:

NOTICE OF FILING APPLICATION FOR INCREASES IN DIRECTORY ADVERTISING RATES

The Pacific Telephone and Telegraph Company on July 20, 1977 filed with the Public Utilities Commission of the State of California an application for authority to increase certain intrastate rates and charges for Directory Advertising service furnished within the State of California. The proposed rate increase would permit Pacific to charge Directory Advertising rates that would be more comparable to the rates charged by other advertising media. No increase in rates and charges for telephone service is sought.

Only rates for directory advertising items in directories published after the Commission's approval of the proposed rate increase would be affected. In general terms, the proposed rate changes are as follows:

The formula for computing directory circulation would be modified, and the number of rate bands would be increased from 29 to 60. In addition to these changes, a revision is proposed in the general level of advertising rates, which will result in an average increase of 13.7 percent of directory revenues upon full implementation, which is approximately 31 months after Commission approval. Individual advertising items will increase by varying amounts.

The changes proposed in the application are estimated to produce an additional $23.3 million, which represents less than 1% increase in total Company intrastate revenues.

For future circulation changes, Pacific proposes that revised tariff schedules will become effective upon not less than five days notice to the public and the Commission, and coincident with the issuance of a new directory.

A copy of the rate increase application and supporting exhibits will be available for inspection at Pacific Telephone's principal offices.

Inquiries and comments relative to these matters, including requests to receive notice of date, time and place of any hearing may be directed to:

Public Utilities Commission of the State of California, Fifth Floor, State Building, Civic Center, San Francisco, California 94102.

Public Utilities Commission of the State of California, State Office Building, 107 South Broadway, Los Angeles, California 90012.

Gus is elected

Al "Gus" Gustafson, psychologist with the Campbell Union Elementary School District, has been elected to a two-year term as Convener of the Affiliate Advisory Assembly for Northern California.

Gustafson, of San Jose, will be a voting member of the Executive Board of California Association of School psychologists and Psychometrists, (CASPP) and will have a significant influence on the direction of school psychology in the state.

No freeway signs for Campbell says official

Campbell can't get a "gas, food and lodging" sign placed on the Camden avenue turnoff to Highway 17, a state department of transportation official has ruled.

Former mayor Ralph Doetsch contacted Assemblyman Richard Hayden last year to see if these roadside signs could be obtained for Campbell near its lone motel, adjacent to the Camden exit.

District Director T.R. Lammers, in a letter to Mayor Bill Podgorsek last week, said such signs are prohibited since they would be in the San Jose metropolitan area which has no similar signs.

In City Council action last week officials:

- Granted a 60-day extension of the rate increase for Gill Cable TV and set September 12 as the date for a public hearing on the cable firm's new rate formula.

- Received letters from Planning Commissioners J. Duwayne Dickson and Oleg Lubeckis requesting reappointment. The matter was continued to August 8 because Councilman Dean Chamberlin was absent.

- Voted to uphold the Planning Commission's denial of an amendment to the land use element of the General Plan to allow a duplex at 106 N. Third st.

Local taxpayers have to pick up more of the tab

THE EFFECT of SB 90 will be keenly felt in the pocketbooks of Campbell high school district taxpayers this year.

The final general fund budget, up for adoption by trustees last Tuesday night, shows a dramatic shift from state to local funding.

For the 1977-78 year $18.4 million of the $29.4 million budget will come from local sources; mainly property tax. State income is estimated at $7 million.

Just two years ago that ratio was much different with $9.1 million coming in from the state with $11.8 million for local sources.

UNDER THE SB 90 formula, as local district's enrollment has dropped and its assessed value increased (15 per cent this year alone), funding from the state has been drastically reduced.

State legislators vow that property tax relief is their prime objective during this legislative session. But for now, with increased property assessments and the big shift to local funding of the district, taxpayers will be caught in the pinch.

Income from other outside sources show a drop for this year too but none as sharp as state subventions.

FEDERAL income will drop from $475,970 last year to $428,995 while county income goes from $19,213 in 1976-77 to $15,000 for the upcoming school year.

All budget categories show an increase over last year including certificated salaries $13.5 million (up $943,000), classified salaries, $3 million (up $291,000) and "other outgo", $4.3 million (up $796,000).

The net beginning balance for the district was $3.5 million.
